COUNCILLOR COLUMN

Brett Treby - South Ward Councillor

What prompted you to stand for election as a councillor?

Many locals approached me in mid-1999 to run for council with a view of improving services and facilities for our local community. Since that time, much has been delivered for the benefit of our youth, families and seniors throughout the south ward of Wanneroo.

We now enjoy easy access to what in my view are the very best regional sporting facilities in the State with the recently upgraded Kingsway Sporting Complex as well as the internationally recognised Marangaroo Golf Course.

It's great to see families flock to the regional playground at Kingsway and children enjoying this unique experience.

We can also lay claim to vast tracts of natural bushland such as the Koondoola, Landsdale and Marangaroo Bushland Reserves which make us the envy of many. Such valuable pieces of natural bushland assets have been secured to ensure they can be enjoyed by all for generations to come.

What issues do you believe are most important within the ward?

We are now on the verge of an exciting new chapter of significant growth and renewal in the southern region of Wanneroo, through new residential housing, expansion of retail shopping and commercial facilities as well as vastly improved community amenities.

Significant growth and renewal presents both challenges and opportunities, with Girrawheen and Koondoola now primed for new housing development to commence later this year.

Delivery of the new Koondoola Community Centre is well underway and new and improved community facilities are about to commence at both Hudson Park and Hainsworth Park in Girrawheen.

New families are moving into Marangaroo and Alexander Heights and sections of these suburbs are also earmarked for renewal. Residents can look forward with confidence to improved parks and recreation amenity that will add a significant new dimension to the liveability of our suburbs.

I believe this emerging growth, coupled with the pace of new residential development through Landsdale, Madeley and Darch means that the time is now right to deliver the new Southern suburbs library at Kingsway.

What do like most about living in the City of Wanneroo?

Like many local residents we enjoy every benefit of residential living with easy access to the beach, the attractions of the Swan Valley and the major commercial centres of Perth and Joondalup.

The future looks bright with tourism, unrivalled recreation and employment opportunities on our doorstep. I believe that this coupled with our growth will mean that living in the south ward of Wanneroo will be highly prized and sought after well into the future.

CHALLENGE YOURSELF TO **YOUR MOVE** AND GET ACTIVE

your move — Get active your way

The Your Move Wanneroo project commences in the City of Wanneroo on Monday 20 April 2015.

By joining Your Move you will have access to information, offers and services including:

- A comprehensive activity, sport and recreation guide for the City of Wanneroo
- Free group activity classes and discounts at a range of local businesses
- A set of handy maps showing footpaths, bike paths and bus routes in your local area
- One-on-one telephone consultations with our team providing tips and support to help you achieve your goals.

Mayor Tracey Roberts said the free program will assist City residents improve their health and lifestyle.

"As a local government that is in touch with our local community, the City is determined to work with our residents to improve their health."

"Your Move will address issues around inactivity, obesity and traffic congestion to allow residents to lead more active and connected lifestyles."

Your Move will be offered across the City to all residents, with 10,500 households also engaged by random selection with phone coaching and detailed information.

The program is brought to you by the State Government and the City of Wanneroo, with support from the RAC.

For more information on Your Move please visit **www.yourmove.org.au** or call **6323 2307**.
