Section 2.2 of the EWDSP sets out the district and precinct level processes that must be undertaken prior to any subdivision and development in accordance with the EWDSP occurring within the area. The City supports these processes occurring concurrently where relevant triggers are reached (where applicable) as outlined below.

1. Amendments to the Metropolitan Region Scheme (MRS)

1.1 The City will not support any applications to lift urban deferment or to rezone land to Urban or Industrial under the MRS until the following has occurred:

- a) The district level developer contribution plan has substantially commenced (including public consultation) to facilitate contributions for regional and district level infrastructure;
- b) The MRS has been amended to reserve any regional reserves identified as being required by the DSP for the subject land or adequate provision has been made for regional reservations in a concept local structure plan; and
- c) Where relevant, sand extraction has been completed on the subject land and/or in adjacent areas, where such extraction would otherwise have an unacceptable impact on development of the subject land.

2. Amendments to District Planning Scheme No. 2

2.1 The City will not support any applications to amend its District Planning Scheme No. 2 that are intended to facilitate any form of urban or similar development unless the land is zoned Urban under the MRS and all relevant requirements detailed in clause 1.1 have been met. Noting that the WAPC may concurrently rezone land under DPS 2 pursuant to section 2.2.7 of the EWDSP.
