Dear Sir/Madam

**COMMUNITY CONSULTATION
TRAFFIC MANAGEMENT TREATMENTS – AINSBURY PARADE, CLARKSON**

The City is planning to install traffic management treatments on Ainsbury Parade, Clarkson and would value your feedback on what is proposed. This letter provides some background and details of the planned scheme, to make it easier for you to provide your comments.

In accordance with the City's Draft 2016/2017 Capital Works Program, the construction of a part raised/part painted median and blister islands is being considered for Ainsbury Parade from Renshaw Boulevard south to Renshaw Boulevard north. These works have been considered necessary as a result of concerns raised by residents and subsequent assessment of the traffic behaviour in this street.

The proposed traffic management treatments involves the construction of a 1.2m wide painted median including raised median islands between Renshaw Boulevard and Rooke Way as well as two blister Islands located between Rooke Way and Renshaw Boulevard.

The installation of a part-raised/part painted median is an effective method used for road narrowing. Some of the consequential advantages of installing median treatments and blister islands include reduced vehicle speeds and the ability to provide cyclist and pedestrian refuges which can assist when crossing the road.

The concept plan and future updates can be viewed online by following the link on the City's website at www.wanneroo.wa.gov.au/trafficprojects or searching online for 'City of Wanneroo traffic services projects'. Alternatively, a large hard copy (A1 size) of the concept plan can be viewed at the Clarkson Library. Should you require a hard copy (A3) of the plan for your reference, please contact the City's Traffic Services Administration Officer on 9405 5000.

You can provide your comments on the proposed traffic management scheme by providing your feedback online at <https://www.surveymonkey.com/r/ainsburyparade> or by email to enquiries@wanneroo.wa.gov.au or by completing the included survey questionnaire and returning it to the City in the enclosed reply-paid envelope, by no later than **Monday 20 June 2016**.

Should you have any further queries regarding this matter, than please contact the City's Traffic Services team on 9405 5000.

Yours sincerely

Manoj Barua
COORDINATOR TRAFFIC SERVICES
Att. Community Consultation Questionnaire & Traffic Management Scheme

(Please return to the City by Monday 20 June 2016)

AINSBURY PARADE, CLARKSON

**TRAFFIC MANAGEMENT TREATMENTS
