Week commencing 18 July 2016

Wanneroo Road

Location	Activity	Traffic Impacts	Timing
New Flynn Drive alignment	Site establishment: » Removing kerb and street lighting	» Nil	Ongoing
Between Flynn Drive and just north of Hall Road	Construction of new Wanneroo Road alignment: » Constructing pavement » Asphaltting » Installing traffic barriers » Installing street lighting	» Speed limit reduced to 60 km/h » Trucks accessing site via Wanneroo Road » Road users may be temporarily stopped by traffic controllers during evening works	Ongoing until late 2016 <i>Intermittent night works (7pm – 7am) and Sunday works (7am – 7pm) required during July. Click here for more information.</i>

Working Hours

Construction works will generally be conducted, Monday to Saturday between 7am and 7pm. Site maintenance, such as refuelling and dust suppression, is undertaken outside of these times. Some construction works will be required outside of these general hours and notification of such works will be provided to local residents where necessary.

Traffic Changes

Changed traffic conditions are in place throughout the project area, including speed restrictions and lane closures. Reduced speed limits will remain in place throughout the duration of the project, where required, due to changed road conditions. Signage will be place through the works and we ask road users to follow all traffic management in place.

NIGHT WORKS

Hester Avenue

1 to 31 July 2016

7pm to 7am

Works will be undertaken on intermittent nights throughout **July**, between **7pm and 7am** at the following locations:

- **Hester Avenue**, between Ridgewood Boulevard and Wanneroo Road.
- **Ridgewood Boulevard**, just north of Hester Avenue.

WORK ACTIVITIES

Night works will include:

- Constructing pavement
- Asphaltting
- Relocating overhead lines
- Services works

Equipment will include plant and machinery such as graders, rollers and compactors.

We will minimise noise impacts on the local community as much as possible.

Works must be undertaken at night to minimise the impacts on day-time traffic volumes and to comply with the safety requirements when working in a rail corridor.

CONTACT US

For all queries please call 1800 883 402 or email MFEenquiries@cpbcon.com.au.

Australian Government

BUILDING OUR FUTURE

NIGHT WORKS

Burns Beach Road & Mitchell Freeway on/off-ramps

15 June to 31 July 2016

7pm to 5am

Night works will be undertaken between **7pm and 5am** on intermittent nights from **15 June to 31 July 2016** at the following locations:

- Burns Beach Road between the Mitchell Freeway on/off-ramps
- Mitchell Freeway northbound off-ramp to Burns Beach Road
- Burns Beach Road southbound on-ramp to Mitchell Freeway

TRAFFIC IMPACT

Lane closures and a reduced speed limit of 40km/h will be in place on Burns Beach Road and the Mitchell Freeway on/off-ramps.

Signage will be in place to guide road users through the works.

WORK ACTIVITIES

Night works will include:

- Installing scaffolding
- Installing bridge piers
- Installing traffic barriers
- Installing street lighting
- Constructing road pavement.

Works must be undertaken during night shift due to high day time traffic volumes.

The project will minimise impacts on the local community as much as possible, however some noise and vibration is expected.

CONTACT US

For all queries please call 1800 883 402 or email MFEenquiries@cpbcon.com.au.

NIGHT & SUNDAY WORKS

Wanneroo Road, Neerabup

1 to 31 July 2016

Night works will be undertaken on **Wanneroo Road** between Hall Road and Flynn Drive from **7pm to 5am** on intermittent nights throughout **July 2016**.

Work will also be undertaken on intermittent **Sundays** between **7am and 7pm**.

TRAFFIC IMPACT

Traffic travelling on Wanneroo Road and Flynn Drive may be stopped for short periods of time.

Road users are asked to take extra care when travelling through the area and follow all traffic management in place.

WORK ACTIVITIES

Night and Sunday works will include:

- asphalting
- constructing pavement
- relocating traffic
- installing signage
- installing and removing traffic management.

Various equipment and machinery will be used such as rollers, compactors and pavers.

We will minimise noise impacts on the local community as much as possible.
