FAMILY FAVOURITES WEEKLY DINNER PLAN

PIZZA AND SALAD

Pizza with 2 ingredient base. Too easy!

Make miniature versions and everyone can customise their own pizza with their favourite toppings. Serve with a side salad, just in case not everyone's pizza ends up overflowing with vegetables!

MONDAY

GRILLED SALMON WITH BROWN RICE SALAD

Aim for a few fish meals every week. This is a ripper!

Hot tip: make double the quantity of rice salad and take it for lunch tomorrow with a boiled egg or small can of tuna.

TUESDAY

BURRITOS

This Mexican mince is so versatile!

Have it as burritos tonight, and in toasties or as nachos tomorrow!

WEDNESDAY

CHICKPEA CURRY

Curry in a hurry!

This is a great recipe to use up any vegies that are looking a little sad. Adjust the spice to your family's liking.

THURSDAY

OVEN BAKED FISH WITH SWEET POTATO WEDGES

Friday night fish and chips anyone?

This fast and fresh version is on the table in 30 minutes.

FRIDAY

CHICKEN BURGERS

This recipe feeds 4 people for about \$12 - who says takeaway is cheaper?

These chicken burgers also have about half the fat and double the vegies compared to a fast food hamburger.

SATURDAY

BAKED CHICKEN PARMA WITH SWEET POTATO MASH

This is one of our most popular recipes.

Super tasty, with loads more vegies than a pub parma.

SUNDAY

To help you LiveLighter, we've planned a weeks' worth of dinners for 4, complete with recipes and a shopping list.
