ANNUAL BUDGET

FOR THE FINANCIAL YEAR ENDING 30 JUNE 2019

TABLE OF CONTENTS

Statement of Comprehensive Income - By Nature or Type	3
Statement of Comprehensive Income - By Program	4
Statement of Cash Flows	5
Rate Setting Statement	6
Notes To & Forming Part of the Budget:	
1 - Significant Accounting Policies	7 - 13
2 - Revenues & Expenses	13 - 15
3 - Acquisition of Assets	15 - 16
4 - Disposal of Assets	16
5 - Information on Borrowings	17
6 - Reserves	18 - 22
7 - Non-Cash Reserves	22
8 - Net Current Assets	23
9 - Rating Information	24 - 26
10 - Specified Area Rates	27
11 - Service Charges	27
12 - Fees & Charges Revenue	27
13 - Rate Payment Discounts, Waivers & Concessions	27
14 - Interest Charges & Instalments	27
15 - Elected Members Remuneration	27
16 - Notes to the Statement of Cash Flows	29 - 30
17 - Trust Funds	31
18 - Major Land Transactions	31 - 35
19 - Trading Undertakings & Major Trading Undertakings	35
20 - Financial Ratios	36

²⁾ This statement is to be read in conjunction with the accompanying notes.

NOTES TO AND FORMING PART OF THE BUDGET

FOR THE FINANCIAL YEAR ENDING 30 JUNE 2019

1. SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Preparation

The budget has been prepared in accordance with applicable Australian Accounting Standards (as they apply to local government and not-for-profit entities), Australian Accounting Interpretations, other authorative pronouncements of the Australian Accounting Standards Board, the Local Government Act 1995 and accompanying regulations. Material accounting policies which have been adopted in the preparation of this budget are presented below and have been consistently applied unless stated otherwise.

Except for cash flow and rate setting information, the budget has also been prepared on an accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

The Local Government Reporting Entity

All funds through which the City controls resources to carry on its functions have been included in the financial statements forming part of this budget.

In the process of reporting on the local government as a single unit, all transactions and balances between those Funds (for example, loans and transfers between Funds) have been eliminated.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 17 to this budget document.

(b) 2017/18 Actual (Est.) Balances

Balances shown in this budget as 2017/18 Actual (Est.) are as forecast at the time of budget preparation and are subject to final adjustments.

(c) Rounding Off Figures

All figures shown in this budget, other than a rate in the dollar, are rounded to the nearest dollar.

(d) Rates, Grants, Donations & Other Contributions

Rates, grants, donations and other contributions are recognised as revenues when the City obtains control over the assets comprising the contributions.

Control over assets acquired from Rates is obtained at the commencement of the rating period or, where earlier, upon receipt of the rates.

(e) Goods & Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from or payable to the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from or payable to the ATO are presented as operating cash flows.

(f) Superannuation

Contributions to employee defined contribution plans are recognised as an expense as they become payable. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

(g) Cash & Cash Equivalents

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks, other short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts.

Bank overdrafts are shown as short term borrowings in current liabilities in the statement of financial position.

(h) Trade & Other Receivables

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

Collectability of trade and other receivables is reviewed on an ongoing basis. Debts that are known to be uncollectible are written off when identified. An allowance for doubtful debts is raised when there is objective evidence that they will not be collectible.

NOTES TO AND FORMING PART OF THE BUDGET

FOR THE FINANCIAL YEAR ENDING 30 JUNE 2019

1. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Inventories

Raw Materials & Stores, Work-in-Progress & Finished Goods

Raw materials and stores, work in progress and finished goods are stated at the lower of cost and net realisable value. Cost comprises direct materials, direct labour and an appropriate proportion of variable and fixed overhead expenditure, the latter being allocated on the basis of normal operating capacity. Costs are assigned to individual items of inventory on the basis of weighted average costs. Net realisable value is the established selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Land Held for Resale/Capitalisation of Borrowing Costs

Land held for resale is to be stated at the lower of cost and net realisable value. Cost will beis assigned by specific identification and includes the cost of acquisition, and development and borrowing costs during development. When development is completed, borrowing costs and other holding charges are to be expensed as incurred. Borrowing costs included in the cost of land held for resale are those costs that would have been avoided if the expenditure on the acquisition and development of the land had not been made. Borrowing

Revenue arising from the sale of property is recognised in the Statement of Comprehensive Income as at the time of signing a binding contract of sale. Land held for resale is classified as current except where it is held as non-current based on the City's intentions to release for sale.

Land held for sale is classified as current except where it is held as non-current based on Council's intentions to release for sale.

Fixed Assets

Each class of fixed assets within either property, plant and equipment or infrastructure, is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

Mandatory Requirement to Revalue Non-Current Assets

Each asset class must be revalued in accordance with the Regulations and the Australian Accounting Standards.

Relevant disclosures, in accordance with the requirements of Australian Accounting Standards, will be made in the financial report as necessary.

Initial Recognition & Measurement Between Mandatory Revaluation Dates

All assets are to be initially recognised at cost and subsequently revalued in accordance with the mandatory measurement framework detailed above.

In relation to initial measurement, cost is determined as the consideration paid plus costs incidental to acquisition. For assets acquired at no cost or for nominal consideration, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the City includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads.

Individual assets acquired between initial recognition and the next revaluation of the asset class in accordance with the mandatory measurement framework detailed above, are carried at cost less accumulated depreciation as management believes this approximates fair value. They will be subject to subsequent revaluation at the next anniversary date in accordance with the mandatory measurement

Increases in the carrying amount arising on revaluation of asset classes are credited to a revaluation reserve. Decreases in the carrying amount that offset previous increases of the same asset classes are recognised against revaluation reserve, all other decreases are recognised in the statement of comprehensive income.

Land Under Roads

In Western Australia, all land under roads is Crown land. The responsibility for managing land under roads is vested in the local government.

Effective as at 1 July 2008, the City elected not to recognise any value for land under roads acquired on or before 30 June 2008. This accords with the treatment available in Australian Accounting Standard AASB 1051 Land Under Roads and Local Government (Financial Management) Regulation 16(a)(i), which prohibits local governments from recognising such land as an asset.

Consequently, any land under roads acquired on or after 1 July 2008 is not included as an asset of the City.

Gains & Losses on Disposal of Non-Current Assets

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the Statement of Comprehensive Income. When revalued assets are sold, amounts included in the revaluation reserve relating to that asset are transferred to retained earnings.

Depreciation

The depreciable amount of all fixed assets including buildings but excluding freehold land, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements. Page 8

NOTES TO AND FORMING PART OF THE BUDGET

FOR THE FINANCIAL YEAR ENDING 30 JUNE 2019

1. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(j) Fixed Assets (Continued)

Major depreciation periods used for each class of depreciable asset are:

Buildings 40 years **Bus Shelters*** 30 - 50 years Computer Hardware 3 years Computer Software 2 years Furniture & Equipment 10 years

Heavy Vehicles - 1,201 kg to 4,000 kg Heavy Vehicles - 4,001 kg to 9,000 kg 6 years/200,000 km's (40% residual) Heavy Vehicles - 9,001 kg to 12,000 kg 8 years/500,000 km's (48% residual)

Heavy Vehicles - Refuse

Irrigation Piping

Land **Light Vehicles** Other Infrastructure* Other Plant & Equipment Parks & Reserves* Pathways* Plant

Reserves/Playground Equipment*

Road - Kerb Road - Seal*

Road Pavement - Seal Sealed Car Parks - Pavement* Underpasses

Water Supply Piping & Drainage Systems*

6 years/100,000 km's (45% residual)

5 years (20% residual) 30 years Not Applicable 3 years (60% residual) 10 - 80 Years 10 years

10 - 85 years 25 - 70 years 10 years (50% residual) 12 - 15 years 40 years 15 - 40 years 40 years 40 - 80 years 40 years 40 - 80 years

*Due to useful lives of the indivdual assets within each asset type varying, the asset types denoted have a range of depreciation periods.

Certain elements of a non-current asset useful life can be shorter than the particular asset and this will be depreciated faster than the parent asset.

Residual values, useful lives and residual lives of individual assets are reviewed every three years as part of the revaluation process. Subsequent depreciation is recorded based on assets fair value and residual life.

Capitalisation Threshold

Expenditure on items of equipment under \$5,000 is not capitalised. Rather, it is recorded on an asset inventory listing.

(k) Fair Value of Assets & Liabilities

When performing a revaluation the City applies a mix of both independent and management valuations using the following as a guide:

Fair Value is the price that the City would receive to sell the asset or would have to pay to transfer a liability, in an orderly (i.e. unforced) transaction between independent, knowledgeable and willing market participants at the measurement date.

As fair value is a market-based measure the closest equivalent observable market pricing information is used to determine fair value. Adjustments to market values may be made having regard to the characteristics of the specific asset. The fair values of assets that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data.

To the extent possible, market information is extracted from either the principal market for the asset (i.e. the market with the greatest volume and level of activity for the asset) or, in the absence of such a market, the most advantageous market available to the entity at the end of the reporting period (i.e. the market that maximises the receipts from the sale of the asset after taking into account transaction costs and transport costs).

For non-financial assets, the fair value measurement also takes into account a market participant's ability to use the asset in its highest and best use or to sell it to another market participant that would use the asset in its highest and best use.

Fair Value Hierarchy

AASB 13 (Fair Value Movement) requires the disclosure of fair value information by level of the fair value hierarchy, which categorises fair value measurement into one of three possible levels, based on the lowest level that an input that is significant to the measurement can be categorised into as follows:

NOTES TO AND FORMING PART OF THE BUDGET

FOR THE FINANCIAL YEAR ENDING 30 JUNE 2019

1. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(k) Fair Value of Assets & Liabilities (Continued)

Level 1 - Measurements based on quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

Level 2 - Measurements based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 - Measurements based on unobservable inputs for the asset or liability.

The fair values of assets and liabilities that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data. If all significant inputs required to measure fair value are observable, the asset or liability is included in Level 2. If one or more significant inputs are not based on observable market data, the asset or liability is included in Level 3.

Valuation Techniques

The City selects a valuation technique that is appropriate in the circumstances and for which sufficient data is available to measure fair value. The availability of sufficient and relevant data primarily depends on the specific characteristics of the asset or liability being measured. The valuation techniques selected by the City are consistent with one or more of the following valuation approaches:

Market Approach - Valuation techniques that use prices and other relevant information generated by market transactions for identical or similar assets or liabilities.

Income Approach - Valuation techniques that convert estimated future cash flows or income and expenses into a single discounted

Cost Approach - Valuation techniques that reflect the current replacement cost of an asset at its current service capacity.

Each valuation technique requires inputs that reflect the assumptions that buyers and sellers would use when pricing the asset or liability, including assumptions about risks. When selecting a valuation technique, the City gives priority to those techniques that maximise the use of observable inputs and minimise the use of unobservable inputs. Inputs that are developed using market data (such as publicly available information on actual transactions) and reflect the assumptions that buyers and sellers would generally use when pricing the asset or liability and considered observable, whereas inputs for which market data is not available and therefore are developed using the best information available about such assumptions are considered unobservable.

The mandatory measurement framework imposed by the Local Government (Financial Management) Regulations requires, as a minimum, all assets to be revalued at least every 3 years. Relevant disclosures, in accordance with the requirements of Australian Accounting Standards have been made in the budget as necessary.

(I) Financial Instruments

Initial Recognition & Measurement

Financial assets and financial liabilities are recognised when the City becomes a party to the contractual provisions to the instrument. For financial assets, this is equivalent to the date that the City commits itself to either the purchase or sale of the asset (ie trade date accounting is adopted).

Financial instruments are initially measured at fair value plus transaction costs, except where the instrument is classified 'at fair value through profit or loss', in which case transaction costs are expensed to profit or loss immediately.

Classification & Subsequent Measurement

Financial instruments are measured at fair value, amortised cost using the effective interest rate method, or cost.

Fair value represents the amount for which an asset could be exchanged or a liability settled, between knowledgeable, willing parties. Available, quoted prices in an active market are used to determine fair value. In other circumstances, valuation techniques are adopted.

Amortised cost is calculated as:

- (a) the amount in which the financial asset or financial liability is measured at initial recognition;
- (b) less principal repayments and any reduction for impairment; and
- (c) plus or minus the cumulative amortisation of the difference, if any, between the amount initially recognised and the maturity amount

NOTES TO AND FORMING PART OF THE BUDGET

FOR THE FINANCIAL YEAR ENDING 30 JUNE 2019

1. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(I) Financial Instruments (Continued)

The effective interest method is used to allocate interest income or interest expense over the relevant period and is equivalent to the rate that discounts estimated future cash payments or receipts (including fees, transaction costs and other premiums or discounts) through the expected life (or when this cannot be reliably predicted, the contractual term) of the financial instrument to the net carrying amount of the financial asset or financial liability. Revisions to expected future net cash flows will necessitate an adjustment to the carrying value with a consequential recognition of an income or expense in profit or loss.

(i) Financial Assets at Fair Value Through Profit & Loss

Financial assets are classified at "fair value through profit or loss" when they are held for trading for the purpose of short term profit taking. Assets in this category are classified as current assets. Such assets are subsequently measured at fair value with changes in carrying amount being included in profit or loss.

(ii) Loans & Receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss.

Loans and receivables are included in current assets where they are expected to mature within 12 months after the end of the reporting period.

(iii) Held-to-Maturity Investments

Held-to-maturity investments are non-derivative financial assets with fixed or determinable payments and fixed maturities that the City has the positive intention and ability to hold to maturity. If the City sells other than an insignificant amount, of held-to-maturity financial assets, the whole category would be tainted and reclassified as available-for-sale. Held-to-maturity financial assets are included in non-current assets, except for those with maturities less than 12 months from the reporting date, which are classified as current assets.

(iv) Available-for-Sale Financial Assets

Available-for-sale financial assets, comprising principally marketable equity securities, are non-derivatives that are either designated in this category or not classified in any of the other categories. They are included in non-current assets unless there is the intension to dispose of the investment within 12 months of the Statement of Financial Position date. Investments are to be designated as available-for-sale if they do not have fixed maturities and fixed or determinable payments and there is the intension to hold them for the medium to long term.

(v) Financial Liabilities

Non-derivative financial liabilities (excl. financial guarantees) are measured at amortised cost. Gains or losses are recognised in the profit or loss.

Impairment

A financial asset is deemed to be impaired if there is objective evidence of impairment as a result of one or more events (a "loss event") having occurred, which has an impact on the estimated future cash flows of the financial asset(s).

In the case of available-for-sale financial assets, a significant or prolonged decline in the market value of the instrument is considered a loss event. Impairment losses are recognised in profit or loss immediately. Also, any cumulative decline in fair value previously recognised in other comprehensive income is reclassified to profit or loss at this point.

In the case of financial assets carried at amortised cost, loss events may include: indications that the debtors or a group of debtors are experiencing significant financial difficulty, default or delinquency in interest or principal payments; indications that they will enter bankruptcy or other financial reorganisation; and changes in arrears or economic conditions that correlate with defaults.

For financial assets carried at amortised cost (including loans and receivables), a separate allowance account is used to reduce the carrying amount of financial assets impaired by credit losses. After having taken all possible measures of recovery, if it is established that the carrying amount cannot be recovered by any means, at that point the written-off amounts are charged to the allowance account, or the carrying amount of impaired financial assets is reduced directly if no impairment amount was previously recognised in the allowance account.

Derecognition

Financial assets are derecognised where the contractual rights for receipt of cash flows expire or the asset is transferred to another party,

Financial liabilities are derecognised where the related obligations are discharged, cancelled or expired. The difference between the carrying amount of the financial liability extinguished or transferred to another party and the fair value of the consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

(m) Impairment of Assets

In accordance with Australian Accounting Standards the City's assets other than inventories, are assessed at each reporting date to determine whether there is any indication they may be impaired.

NOTES TO AND FORMING PART OF THE BUDGET

FOR THE FINANCIAL YEAR ENDING 30 JUNE 2019

1. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(m) Impairment of Assets (Continued)

Where such an indication exists an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, to the asset's carrying amount.

Any excess of the asset's carrying amount over its recoverable amount is recognised immediately in profit or loss unless the asset is carried at a revalued amount in accordance with another standard (e.g. AASB 116 Property, Plant & Equipment) whereby any impairment loss of a revaluation decrease is recognised in accordance with that other standard.

For non-cash generating assets such as roads, drains, public buildings and the like, value in use is represented by the depreciated replacement cost of the asset.

At the time of adopting this budget it is not possible to estimate the amount of impairment losses (if any) as at 30 June 2018.

In any event an impairment loss is a non-cash transaction and consequently has no impact on this budget document.

(n) Trade & Other Payables

Trade and other payables reflect obligations to move future payments in respect of the purchase of goods and services and are carried at amortised cost.

(o) Employee Benefits

Short-Term Employee Benefits

Provision is made for the City's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The City's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the Statement of Financial Position. The City's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

Other Long-Term Employee Benefits

Provision is made for employees' long service leave and annual leave entitlements not expected to be settled wholly within 12 months after the end of the annual reporting period in which the employees render the related service. Other long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations or service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur.

The City's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the City does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

(p) Interest-Bearing Loans & Borrowings

All loans and borrowings are initially recognised at the fair value of the consideration received less directly attributable transaction costs.

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the effective interest method. Fees paid for the establishment of loan facilities that are yield related are included as part of the carrying amount of the loans and borrowings.

Borrowings are classified as current liabilities unless the City has an unconditional right to defer settlement of the liability for at least 12 months after the Statement of Financial Position date. Borrowing costs are recognised as an expense when incurred, except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset.

(q) Provisions

Provisions are recognised when the City has a present legal or constructive obligation as a result of past events for which it is probable that an outflow of economic benefits will result, and that outflow can be reliably measured. Provisions are not recognised for future operating losses. Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow, with respect to any one item included in the same class of obligations, may be small.

NOTES TO AND FORMING PART OF THE BUDGET

FOR THE FINANCIAL YEAR ENDING 30 JUNE 2019

1. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(r) Leases

Leases of property, plant and equipment, where the City has substantially all the risks and rewards of ownership, are classified as finance leases. Finance leases are capitalised at the lease's inception recorded at the lower of the fair value of the leased property and the present value of the minimum lease payments. The corresponding rental obligations, net of finance charges, are included in other long term payables. Each lease payment is allocated between the liability and finance charges so as to achieve a constant rate on the finance balance outstanding. The interest element of the finance cost is charged to the Statement of Comprehensive Income, over the lease period, so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period. The property, plant and equipment acquired under finance leases are depreciated over the shorter of the asset's useful life and the lease term. Lease payments under operating leases, where substantially all the risks and benefits remain with the lessor, are charged as expenses in the periods in which they are incurred.

(s) Interests in Joint Arrangements

Joint arrangements represent the contractual sharing of control between parties in a business venture where unanimous decisions about relevant activities are required. Separate joint venture entities providing joint venturers with an interest to net assets are classified as a joint venture and accounted for using the equity method. Joint venture operations represent arrangements whereby joint operators maintain direct interests in each asset and exposure to each liability of the arrangement. Information about the joint ventures is set out in Note 18.

(t) Current & Non-Current Classification

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the City's operational cycle. In the case of liabilities where the City does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current even if not expected to be realised in the next 12 months except for land held for sale where it is held as non-current based on the City's intentions to release for sale.

(u) Comparative Figures

Where required comparative figures have been adjusted to conform with changes in presentation for the current budget year.

(v) Budget Comparative Figures

Unless otherwise stated the budget comparative figures shown in this budget document relate to the original budget estimate for the relevant item of disclosure.

(b) Statement of Objective

In order to discharge its responsibilities to the community the City has developed a set of operational and financial objectives. These objectives have been established both on an overall basis and for each of its broad activities/programs.

With reference to the City of Wanneroo's Strategic Community Plan 2017/18 - 2026/27:-

Vision

Inspired by our past, working to create a vibrant, progressive City, providing opportunity and investment to enable our growing communities to proposer.

Council Aspirations

The council aspirations developed under the four themes of the Strategic Community Plan are:

- 1) SOCIETY
- Healthy, safe, vibrant, and connected communities.
- 2) ECONOMY
- Progressive, connected communities that enable economic growth and employment.
- 3) ENVIRONMENT
- A healthy and sustainable natural and built environment.
- 4) CIVIC LEADERSHIP
- Working with others to ensure the best use of our resources.

The Citys operations, as disclosed in this budget, encompass the following service orientated activities/programs:

Community Amenities

Objectives: Provide services required by the community.

Activities: Rubbish collection services, noise control, administration of the town planning and regional development and community amenities.

Economic Services

Objectives: To help promote the City and improve its economic well being.

Activities: Economic development, the promotion of tourism, area promotion and building control.

Education & Welfare

Objectives: To meet the needs of the community in these areas.

Activities: Operation of senior citizens centres, day care centres and pre-school facilities, assistance to playgroups, retirement villages and other voluntary services.

General Purpose Funding

Objectives: To collect revenue to allow for the provision of services.

Activities: Rates, general purpose government grants and interest revenue.

Governance

Objectives: To provide a decision making process for the efficient allocation of scarce resources.

Activities: Administration and operation of facilities and services to members of the City: other costs that relate to the tasks of assisting elected members and ratepayers on matters which do not concern specific City services.

Health

Objectives: To provide an operational framework for good community health.

Activities: Food quality and pest control, immunisation services and operation of child health clinics.

NOTES TO AND FORMING PART OF THE BUDGET

FOR THE FINANCIAL YEAR ENDING 30 JUNE 2019

2. REVENUES & EXPENSES (CONTINUED)

(b) Statement of Objective (Continued)

Law, Order & Public Safety

Objectives: To provide services to help ensure a safer community.

Activities: Supervision of various local-laws, fire prevention, emergency services, animal control, and property and surveillance services.

Other Property & Services

Objectives: To accommodate otherwise unclassified activities of the City.

Activities: Private works, plant repairs and operation costs, Town Planning Schemes and other unclassified activities.

Recreation & Culture

Objectives: To establish and effectively manage infrastructure and resources which will help the social well being of the community. Activities: Maintenance of halls, the aquatic centre, recreation centres, golf courses, various reserves and operation of libraries.

Transport

Objectives: To provide effective and efficient transport services to the community.

Activities: Construction and maintenance of streets, roads, bridges, the cleaning and lighting of streets and traffic lights, and depot maintenance.

3. ACQUISITION OF ASSETS

The following assets are budgeted to be acquired during the year:

Note	2017/18 Budget \$	2017/18 Actual (Est.) \$	2018/19 Budget \$
By Class			
Drainage	7,607,030	7,447,331	9,315,040

Western Australian Treasury Corporation Loan Notes:

- 1) The loan repayments are to be financed by general purpose revenue.
- 2) The interest rate for the duration of the loan is 6.07% (fixed).
- 3) The maturity date of the loan is 1st December 2026.
- 4) The principal will be paid from the Loan Repayment Reserve upon maturity.

Commonwealth Bank of Australia Loan Notes:

- 1) The loan repayments are to be financed by the Yanchep/Two Rocks Developer Contributions Plan.
- 2) The interest rate for the duration of the loan is the 90 day Bank Bill Swap Rate (mid) plus a margin of 1.54 basis points (variable).
- 3) The maturity date of the loan is 8th September 2024.
- 4) The principal will be paid from the Yanchep/Two Rocks Developer Contributions Plan Reserve upon maturity.

(b) Unspent Loans

Western Australian Treasury Corporation

The City is estimated to have \$10,015,921 unspent loans as at 30th June 2018. The purpose of the unspent loans is to provide funding to the City's capital program. As at 30 June 2019 there will be budgeted loan funds of \$6,875,000 to be available to projects scheduled for completion in future years.

Commonwealth Bank of Australia

The City was required to increase its borrowings during the 2017/18 financial year by \$804,176, from \$8,300,000 to \$9,104,176. Whilst total borrowings of \$8,300,000 was approved in the 2017/18 budget, the previous year sought approval for \$11,100,000. As at 30th June 2018 \$207,492 is estimated to remain unspent, with \$NIL expected to be unused at 30th June 2019.

(c) Overdraft

The City established an overdraft facility of \$1,000,000 in 2002 to assist with short term liquidity requirements. The balance of the bank overdraft as at 1 July 2018 is estimated to be \$NIL. Furthermore, the bank overdraft is expected to remain at a \$NIL balance for the period ending 30 June 2019.

(d) Purpose of Total Loan Funding

Under Section 6.20(4)(a) of the Local Government Act 1995, a change in purpose of the use of borrowings can be disclosed in the Annual Budget. As such, the table outlined below indicates the budgeted purpose of borrowings to be adopted in the Annual Budget for 2018/19.

NOTES TO AND FORMING PART OF THE BUDGET

FOR THE FINANCIAL YEAR ENDING 30 JUNE 2019

6. RESERVES (CONTINUED)

The purpose for which the reserves are set aside are as follows:

(a) Alkimos/Eglinton District Community Facilities Reserve

To be used for the purpose of accumulating Developer Contributions for the capital funding of community facilities and associated costs related to the administration and implementation of the Developer Contribution Plan in the Alkimos/Eglinton Development Contribution Area.

(b) Asset Renewal Reserve

To be used for the funding of asset renewal and upgrade works.

(c) Asset Replacement Reserve

To be used for the purpose of receiving the proceeds of the sale of significant property assets. Funds held are to be used in acquiring new or replacement assets for the City.

(d) Butler Collaborative Planning Agreement Reserve

For the purpose of meeting future increased maintenance costs of infrastructure in Stage 1, Brighton Estate, Butler as established in the Butler Collaborative Planning Agreement and any such other related expenditure, as from time to time be approved by an absolute majority of Council, provided such expenditure shall be within the Brighton Estate.

(e) Carry Forward Capital Projects Reserve

For the accumulation of funds to support the municipally funded carried forward capital projects.

(f) Coastal Infrastructure Management Reserve

For the accumulation of funds to support coastal infrastructure capital projects.

(g) Domestic Refuse Reserve

To be used for additional requirements specifically needed for the provision of the domestic collection service.

(h) Fleming Park Lake Reserve

For the purpose of holding funds provided by developer for the upkeep and maintenance of the Fleming Park Lake.

(i) Golf Courses Reserve

To be used for the capital improvement of the Carramar and Marangaroo Golf Courses.

(j) HACC Asset Replacement Reserve

To be used to replace Council's assets where the funding of the original asset was from Home and Community Care program (HACC). This is a requirement of the operating funding agreement with HACC.

(k) Land Acquisition Reserve

For the purpose of purchasing municipal land for roads and drainage purposes.

(I) Leave Liability Reserve

The purpose of this reserve is to cash back the liability of the City for long service leave and annual leave.

(m) Loan Repayment Reserve

To set aside adequate funds over time to repay loan commitments per the City's 10 Year Strategic Financial Management Plans debt management policy.

(n) Neerabup Development Reserve

For the purpose of meeting the associated cost of developing the City's investment land in Neerabup.

(o) Plant Replacement Reserve

To be used to replace Council's fleet, plant and equipment.

(p) Regional Open Space Reserve

For the accumulation of funds to support regional open space capital works.

NOTES TO AND FORMING PART OF THE BUDGET

FOR THE FINANCIAL YEAR ENDING 30 JUNE 2019

6. RESERVES (CONTINUED)

(q) Section 152 Reserve (formerly Section 20A Land Reserve)

To be used for capital improvements on recreation reserves in the general locality of source of funds.

(r) Strategic Projects/Initiatives Reserve

For the purpose of accumulating funds to be used for the introduction of new or upgrade of existing services, maintenance, renewal, upgrade of existing assets and purchase of new assets or project works of the City over an expected period of 10 years. The annual funds transfer is derived from the rate setting surplus less municipal funding of capital works carried forward.

(s) Sustainability Investment Fund Reserve

To be used for the provision of funding future costs associated with environmental needs and initiatives.

(t) TPS 20 - District Distributor Headworks Reserve

To be used for the construction of District Distribution Roads associated with Town Planning Scheme 20.

(u) Yanchep Bus Reserve

For the accumulation of funds from the Yanchep community for the costs associated with the replacement of the community bus.

(v) Yanchep/Two Rocks District Community Facilities Reserve

To be used for the purpose of accumulating Developer Contributions for the capital funding of community facilities and associated costs related to the administration and implementation of the Developer Contribution Plan in the Yanchep/Two Rocks Development Contribution Area.

7. NON-CASH RESERVES

Asset revaluation reserves have arisen on revaluation of the following class of non-current assets:

Note.

¹⁾ All land except exempt land in the City of Wanneroo is rated according to its Gross Rental Value (GRV) in townsites or Unimproved Value (UV) in the remainder of the City.

NOTES TO AND FORMING PART OF THE BUDGET

FOR THE FINANCIAL YEAR ENDING 30 JUNE 2019

9. RATING INFORMATION (CONTINUED)

The General Rates detailed above have been determined on the basis of raising the revenue required to meet the deficiency between the total estimated expenditure proposed in the budget and the estimated revenue to be received from all sources other than rates. This also considers the extent of any increase in rating over the level adopted in the previous year.

The City is proposing the introduction of a Waste Fee in 2018/19. Waste will be separated from Rates and no longer incorporated within the General Rates as in previous years. In accordance with Section 6.36 of the Local Government Act 1995 the Differential General Rates and Minimum Rates intended to be levied were advertised as follows:

	Fi	nal	Advertised		Final

Note:

Objects and Reason for Rates

The overall objective of the proposed Rates in the draft 2018/19 Budget is to provide for the net funding requirements of the City's various programs, services and facilities.

Under Section 6.36 (1) of the Local Government Act 1995 the City is required to give local public notice of its intention to impose Differential General Rates and Minimum Payments. As part of this process the Objects and Reasons are to be made available to the public for written comment for a period of 21 days from the date after advertising.

The Objects and Reasons that have been proposed are:

Gross Rental Value & Unimproved Value - Residential Improved

The Rate-in-the-Dollar and Minimum Rate have been set on the basis that ratepayers make a reasonable contribution to the cost of local government services and facilities available to residents. Residential Improved properties receive a greater level of services than those in the Commercial/Industrial and Rural & Mining categories.

The Lesser Minimum for Strata Titled Caravan Parks is set recognising the unique purpose of these properties while still ensuring a reasonable contribution to the cost of local government services and facilities available to residents.

Gross Rental Value & Unimproved Value - Residential Vacant

The Rate-in-the-Dollar and Minimum Rate have been set in an effort to promote development of these properties thereby stimulating growth and development in the community.

¹⁾ The Minimum Rates have been determined by the City on the basis that all ratepayers must make a reasonable contribution to the cost of the local government services/facilities.

²⁾ Adjustments to the Rates advertised have been highlighted above. The reason for the changes are due to Council was still considering initiatives and the proposed capital spend. The Council has now considered the Capital Works Program Review and the lower Rate increase is sufficient to fund Operations and Capital Program for 2018/19.

NOTES TO AND FORMING PART OF THE BUDGET

FOR THE FINANCIAL YEAR ENDING 30 JUNE 2019

9. RATING INFORMATION (CONTINUED)

Gross Rental Value & Unimproved Value - Commercial/Industrial Improved

The Rate-in-the-Dollar and Minimum Rate for all Commercial/Industrial Improved property has been set to provide an acceptable standard of infrastructure and parking needs due to the greater volumes of people and vehicular traffic.

The Lesser Minimum for Strata Titled Storage Units is set recognising the unique purpose of these properties.

Gross Rental Value & Unimproved Value - Commercial/Industrial Vacant

The Rate-in-the-Dollar and Minimum Rate for all Commercial/Industrial Vacant land has been set in an effort to promote the development of these properties by attracting business and industry to the City thereby stimulating growth and development in the community.

Unimproved Value - Rural & Mining Improved

The Rate-in-the-Dollar and Minimum Rate have been set with an intention to foster and encourage farming and horticultural activities in the City, thereby stimulating growth and development in the community.

Unimproved Value - Rural & Mining Vacant

The Rate-in-the-Dollar and Minimum Rate have been set with an intention to encourage the development of vacant land thereby stimulating growth and development in the community.

- Wanneroo Racing Pigeon Club;
- Wanneroo Shooting Complex Inc.;
- Wanneroo Sports & Social Club Inc.;
- Wanneroo Tennis Club;
- Wanneroo Trotting & Training Club Inc.;
- West Australian Rifle Association Inc.;
- Yanchep Golf Club;
- Yanchep Sports & Social Club Inc.;
- Yanchep Surf Lifesaving Club Inc.; and
- Youth Futures WA Inc.

NOTES TO AND FORMING PART OF THE BUDGET

FOR THE FINANCIAL YEAR ENDING 30 JUNE 2019

14. INTEREST CHARGES AND INSTALMENTS

An interest rate of 8.45% per annum will be charged on all Rates, both current and arrears, that remain unpaid after 35 days from the issue date of the Rate notice (3 August 2018). It is estimated this will generate income of \$1,267,500. Three option plans will be available to Ratepayers for payment of their Rates by instalments.

Option 1 (Full Payment)

Full amount of Rates and Service Charges, including arrears, to be paid on or before 35 days from the issue date appearing on the Rate notice (7 September 2018).

Option 2 (Two Instalments)

First instalment to be received on or before 35 days after the issue date appearing on the Rate notice, including all arrears and half of the current Rates and Service Charges (7 September 2018). The second and final instalment will be due and payable 63 days after the due and payable 63 days after the due date of the first instalment (9 November 2018).

Option 3 (Four Instalments)

First instalment to be received on or before 35 days after the issue date appearing on the Rate notice, including all arrears and a quarter of the current Rates and Service Charges (7 September 2018). The second, third and fourth instalments are to be made at 63 day intervals, thereafter (9 November 2018, 11 January 2019 and 15 March 2019).

Cost of Instalment Options

The cost of the instalment options will comprise of simple interest of 5.5% per annum, calculated from the date the first instalment is due and payable (7 September 2018), together with an Administration Fee of \$5.00 for each instalment.

Special Arrangements & Late Payment Penalty

In addition to the Late Payment Interest of 8.45% per annum an Administration Fee of \$25.00 per assessment will be charged to any Ratepayers wishing to enter into special payment agreements with the City.

The total revenue from the imposition of the Interest and Administration Fee during the 2018/19 financial year is estimated at \$2,387,500. This is dissected as follows:

	Note	2017/18 Budget \$	2017/18 Actual (Est.) \$	2018/19 Budget \$
Instalment Interest Charges - Rates	_	724,214	731,155	718,000

	3,209,910	210,000	210,000	3,209,910

18. MAJOR LAND TRANSACTIONS

The City of Wanneroo, along with the City of Perth, City of Joondalup, City of Stirling, Town of Vincent, Town of Cambridge and Town of Victoria Park is a member of the Tamala Park Regional Council (TPRC). The establishment of the Tamala Park Regional Council was pursuant to Section 3.61 of the Local Government Act. The Tamala Park Regional Council formally came into existence on the 3 February 2006. The Tamala Park Regional Council's activities centre around the development of Mindarie Lot 9504 on Deposit Plan 52070. Lot 9504 (subdivided from Lot 118) was initially purchased in 1981 to provide a refuse landfill site for member councils of the Mindarie Regional Council. This Lot is now being developed with a purpose of creating a new urban land development and a new urban community. The City of Wanneroo will contribute one sixth of any funding required for capital or operating costs. It is likely that income distributions will be received from the TPRC in 2018/19 which if received will be placed into the City's Loan Repayment Reserve.

Town Planning Schemes

(a) Details

The City's major land transactions relate to its role in Town Planning and Regional Development and have the following Town Planning Schemes and "Development Areas" in operation:-

- Berkley Road Structure Plan Area
- East Wanneroo Development Area (Cells 1 9)
- Neerabup Structure Plan
- Town Planning Scheme 5 (Landsdale)
