Community Grants

Community Grants support co-funded, community-led initiatives which benefit the wider community and provide opportunities for the local community to come together to learn, celebrate and strengthen local connections.

Funding is capped at \$5,000 per initiative and applications are accepted year-round.

The City is currently looking to fund projects that align to our community plans and strengthen the community.

What does *strengthen the community* mean?

Most initiatives with the community in mind are generally quite positive, but the City is looking for applications that do a little more. Consider the longer-term impacts and outcomes of the project - maybe it will improve people's mental health, encourage positive socialisation for young people, or bring people together who would not usually meet and sustain those relationships.

Have a look at some of the City's community plans linked below to get an idea of the outcomes we are looking for.

[Community Development Plan 2021/22 – 2025/26](#)

[Strategic Community Plan 2021 – 2031](#)

[Place Strategy 2023 - 2027](#)

The Community Development Plan is a good place to start – the key focus areas are; Connection & Inclusion, Wellbeing, Lifelong Learning and Engagement & Empowerment.

If you're unsure – give us a call to discuss the suitability of your project.

Application Process

Before you apply

- **Carefully read all details contained in these guidelines.**

- **Allow enough time to apply for funding and to coordinate a successful initiative.**
The City recommends applicants begin the process at least three months prior to initiative commencement.
- **Resolve all outstanding debt or acquittals with the City.**
Although you can still submit an application, the City is unable to release further funds until these items are finalised.
- **Discuss your initiative with the City**
It is highly recommended that you discuss your proposed initiative with the City's Community Development Team before submitting an application. You will be provided with information and guidance on how to submit a high-quality application and be able to confirm eligibility for your initiative. The team can also provide you with the application questions so you can plan your responses in advance.

Prepare your application

- **Register for an online account** on the City's [Online Funding Portal](https://www.wanneroo.wa.gov.au/communityfunding) via the City's website: [wanneroo.wa.gov.au/communityfunding](https://www.wanneroo.wa.gov.au/communityfunding). If you have not applied for funding through our online application form previously, you will be required to register as a user and register your organisation/group prior to proceeding with the application.
- **Gather all supporting documents** that are applicable and attach them to your application. This could include:
 - Certificate of WA Incorporated Association, Australian Charities registration or details of other incorporated entity
 - Supporting information for an auspicing arrangement
 - Australian Business Number (ABN)
 - A copy of your Public Liability Certificate of Currency
 - Event/Project budget information
 - A project plan or event run sheet
 - A project plan is not mandatory for Flagship Funding applications; instead, applicants will be asked to emphasise the impact of their

event, their partnering strategy, and sustainability efforts to attract and retain additional funding partners in the application form.

- Event Notification/Application submission and any City Facility booking details
- **Consider your initiative outcomes.** In the application you will be asked what the outcome of your initiative will be, and if approved, you will need to report on how you met this outcome. Consider your plans for evaluating and establishing if and how this outcome was met.
- **Prepare your budget** to include all expenses and contributions so the overall cost of your initiative is shown. As well as the requested expense items from this grant, include both the financial and in-kind contribution from the applicant organisation and any other contributors, including what the contribution will be used towards.
- **Complete and submit your application online.** You should answer all the application questions with consideration given to the assessment criteria and enough detail.

Once the City receives your application, we may request further information and documentation to determine eligibility and assist in the assessment process. The City aims to advise applicants of the outcome of their submitted application within four (4) weeks if no further application information is required after submission.

Agreement process

Once your application has been assessed, you will be notified of the outcome via email. If your application is successful, you will be required to;

1. Sign an agreement with the City of Wanneroo outlining the conditions of funding. Where applicable, auspicing organisations will enter into the agreement with the City on behalf of the unincorporated group whose initiative they are sponsoring. For the Community Grants round, the agreement will require the funding recipient to include their execution block in accordance with their constitution and/or minutes to demonstrate that the person signing on behalf of the applicant group is authorised to do so.
2. Provide financial documentation including a tax invoice (if GST registered) or invoice if not GST registered.
3. Where applicable, action any conditions of funding outlined in the outcome email.
4. Acknowledge the City of Wanneroo as a supporter of the initiative.
5. Complete and submit an Acquittal Report within six (6) weeks of initiative completion.

Once the agreement is signed and financial documentation has been provided, please allow three (3) weeks to receive your payment.

Acknowledging the City

The City's support should be acknowledged in your promotional material, advertising and media publicity associated with your initiative. This acknowledgement includes:

- Displaying the "Supported by City of Wanneroo" logo on all printed and promotional material directly related to the initiative. The City will provide the applicant with the logo. Draft promotional material with the City's logo must be approved by the City prior to finalising your printing/distribution;
- Displaying provided "Supported by City of Wanneroo" banner/s during the initiative;
- Acknowledging the City in all media coverage associated with the initiative during the agreed period;
- Working with the City of Wanneroo Communications and Brand Team if required, for media coverage associated with the City's support of the initiative; and
- Acknowledge the City on social media posting related to the initiative by tagging the City on [Facebook](#) or [Instagram](#).

Initiatives, where applicable, should also be submitted for inclusion on the City's Community Directory. Visit wanneroo.wa.gov.au/communitydirectory to register your group and promote your initiative.

Please speak to the Community Funding Officer prior to your event if you are unable to meet these criteria.

Acquittal

An acquittal report will be required within six (6) weeks of the initiative's completion. An acquittal report template will be provided to assist you with this process and will require (but is not limited to) the following information:

- Feedback about the initiative, which may include attendance or participation numbers, attendee feedback, learnings from initiative delivery and overall initiative success;
- A minimum of three (3) high resolution photographs of the initiative in action (with prior consent of individuals in photos attached) of a quality to be used for promotional purposes;
- Copies of receipts showing funding was used on expense items agreed to by the City. The City can only accept receipts which show a proof of purchase. This can either be in the form of tax invoices displaying proof of payment (zero balance), or an invoice accompanied by an extract from a bank statement showing payment to the suppliers.

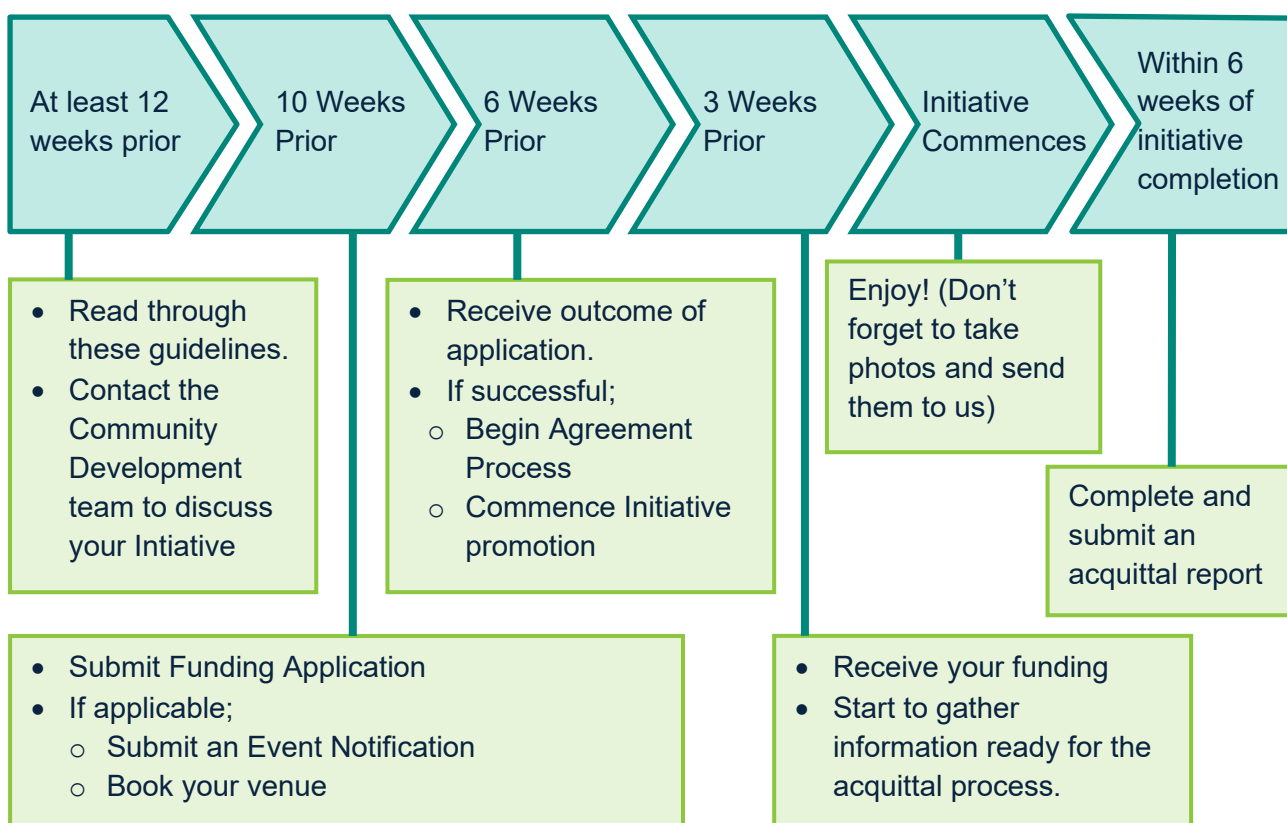

Upon completion of the acquittal, the City will issue an invoice to the applicant for any unspent funds. Unspent funds must be returned to the City within 30 days of receiving the invoice.

Failure to submit a satisfactory acquittal report within six (6) weeks of the completion of the initiative may affect the consideration and recommendation for approval of any future financial support offered by the City.

Other Considerations

Timeline

Applicants should consider an appropriate timeline when submitting their funding application. The City recommends applicants begin the process at least three (3) months prior to initiative commencement. Eligible applications without an appropriate timeline will still be considered but may not be approved on these grounds.

Plan your initiative

Read through these guidelines, resolve any outstanding debts or acquittals with the City and speak to the Community Development team about your initiative.

10 weeks prior to initiative commencement

Submit your application through the City's [Online Funding Portal](#). The City aims to advise applicants of the outcome of their submitted application within four (4) weeks if no further information is required after submission. An [Event Notification](#) must also be completed by all event organisers proposing to hold an event anywhere in the City at least ten (10) weeks in advance. If an Event Application is also required, you will be requested to apply once your Event Notification has been reviewed. If your initiative requires it, book your venue/s. If considering a [City venue](#), contact the City's Facilities Bookings Team on 9405 5000 to enquire if a tentative booking can be placed to hold the date.

6 weeks prior to initiative commencement

Once you have been formally notified of the applications success, return the required documents (including a signed agreement and invoice) and allow three (3) weeks to receive

payment. Where applicable, get your promotional material approved by the City and then begin promotion of the initiative.

In the lead up to project commencement

Contact the [City's Community Development Team](#) to arrange collection of relevant banner/s if required. Submit your initiative on the [City's Community Directory](#). Read through the acquittal report template to ensure you begin to gather all the required information. This could include; receipts, flyers, external promotion including social media and any other media coverage.

Initiative commencement

Enjoy! Make sure you get feedback from attendees and photos that show your initiative in action, ideally showing the City of Wanneroo's banner in the background.

Within 6 weeks of initiative completion

Complete and submit an acquittal report, including initiative evidence.

Canvassing of Elected Members

Applicants may not lobby Elected Members or seek to influence the decision-making process in relation to their submitted funding application. If an applicant seeks to lobby any Elected Member of the City of Wanneroo prior to the determination of the grant, the applicant may be disqualified and no longer considered for approval.

Cancellation/Postponement

Once the funding agreement has been signed, any variation from the approved initiative must be discussed with the City. The funding may be rescinded if there are significant changes from your initial application.

Where the funded initiative is no longer taking place, funding must be returned to the City. If funds have been expended by the applicant prior to the initiative ceasing, any refund received must be returned to the City. Funding can be used to cover any cancellation fees incurred, as long as the fee was for an approved expenditure item.

Act Belong Commit

The City is a Site Partner of Mentally Healthy WA for the purpose of raising awareness of the Act Belong Commit (ABC) concept. The ABC concept encourages people to take action to improve and protect their mental health and wellbeing by promoting protective behaviours known to increase mental wellbeing at the individual and community levels including;

- Encouraging people to prioritise mental health
- Motivating and inspiring people to take action to improve their mental health
- Encouraging organisations to provide opportunities for people to connect

Applicants should consider this messaging when designing their project and applying for funding.

Acknowledgement of Country

The City of Wanneroo is located on the land of the Whadjuk people. The City encourages applicants to make an Acknowledgement of Country where appropriate during their initiative. It can be a verbal announcement at the commencement of the initiative or placed on your initiative's programs or website. You may also wish to involve the services of an Elder to conduct a Welcome to Country. Suggested wording for an Acknowledgement of Country:

"We wish to acknowledge the Traditional Custodians of the land we are meeting on, the Whadjuk people. We would like to pay respect to the Elders of the Noongar nation, past, present and future, who have walked and cared for the land, and we acknowledge and respect their continuing culture and the contributions made to the life of this City and this region."

For further advice, contact the City's Community Development team on 9405 5600.

Access and Inclusion

It is important for all initiative organisers to ensure their initiative is accessible and inclusive for all community members, including; people with disability, people using mobility aids, seniors, people using prams and people from culturally and linguistically diverse backgrounds. This is also likely to increase attendance at your event by ensuring it appeals to a wider audience.

Does your venue and initiative cater for the needs of people with differing abilities, cultural backgrounds, and interests? Some considerations when planning your initiative: is there accessible parking/public transport options, are there accessible toilets close by? Have you considered clear signage and program information? Does the food provided cater to a range of health and cultural needs? For further advice, contact the City's Community Development team on 9405 5600.

FAQs

What does the word “auspiced” mean?

Auspicing is when an eligible community group or organisation applies for funding on behalf of a community group or organisation that isn't eligible to apply. For an auspicing arrangement, you should consider the following:

- Provide evidence (Minutes of Board/Committee Meetings etc.) to clearly explain that both groups/organisations have agreed to the arrangement.
- The auspicing group or organisation is responsible for managing the funding and ensuring the activity/ initiative /event and funding process is completed, including the acquittal report.

Kickstarter - What's considered a public space?

Public areas, places and spaces usually refer to the activity centre of a suburb where local businesses, shops and organisations are located.

Can we apply for additional funding from other grants for our initiative?

The City encourages applicants to seek a partnering approach; there is an expectation that applicants will be self-contributing and/or seeking other external sources of support, either financially or in-kind, in addition to the City's contribution.

Can we use a City owned venue?

The City of Wanneroo has numerous community halls, clubrooms as well as parks and reserves which are used for a wide range of activities. To enquire about the availability and hire cost of a community centre, clubroom, or park/sports ground, please contact the City's Facility Booking team on 9405 5000 or visit wanneroo.wa.gov.au/bookafacility. Funding can be used towards facility hire fees.

What is in-kind support?

In-kind support refers to any contribution towards an initiative that is not financial. For example; donated services for the preparation or delivery of the initiative - like volunteer hours, or donated goods such as food, materials, or equipment. Estimate the worth of in-kind

support by asking – *how much would this cost if we had to pay for it?* For example, the worth of volunteer hours can be worked out by estimating how many hours worked x how many volunteers x hourly rate.

What insurance will be required?

The scale and nature of the initiative will determine the insurance requirements. A small, localised neighbourhood activation may not require insurance, whereas a larger community event does. Speak to the Community Development team if you have any questions about the level of public liability insurance you may need.

Can we apply if we have received funding from the City before?

The City will fund one-off initiatives with the expectation that the applicant has taken sustainability of the initiative into consideration. If an initiative is likely to continue in the future, applicants will need to demonstrate a plan for its continued delivery once funding ceases. Eligible applicants who have received funding previously will still be considered but may not be approved on these grounds.

What does ‘free or low cost’ mean?

The City prefers initiatives that are free for attendees/participants. A free event requires there to be no admission fee and some free activities; however, it does not exclude having some paid components for example, a food truck or coffee/ice cream van. Initiatives that have small entry or participation fees that go towards the initiatives running costs will still be considered.

Can events include fundraising?

Fundraising cannot be the main purpose of the initiative. Applicants can do some small fundraising to cover the costs of the initiative, but not to raise any profits. The [Community Toolkit](#) has further suggestions on how to fundraise for your group.

Can we get a contribution towards catering for our initiative?

When applying for funding, food items or catering can comprise 10% of the total grant funding requested. Partnering with other local groups and businesses can assist in obtaining catering for your initiative. Consider connecting with your local grocery store, suppliers, bakeries, and butchers to advertise their contribution towards your initiative. If your initiative is food/meal based (for example, a Volunteer Breakfast or Community Christmas lunch) please speak with the Community Development team to discuss your initiative prior to applying.

What needs to be included in the budget?

When providing the budget in your application, include all expenses and contributions so the overall cost of the Initiative is shown. As well as the requested expense items from this grant, include both the financial and in-kind contributions from the applicant organisation and any other contributors, specifying what the contribution will be used towards.

It is important to note that the City can only contribute up to a total of \$500 towards capital equipment (i.e. items that will remain as assets) and catering up to 10% of the total grant request. See example budget below – or speak with the City’s Community Development team who can provide you with a template you can use to help prepare your initiative budget.
