

HAYDEN, Denis John

My wife and I have raised our family and worked in our local community for the past 21 years. My children and grandchildren continue to live in the area.

As a long serving Police Officer I am committed to community and public safety and I believe I have the experience to help our families and seniors to live in a safer environment. I am committed to reducing antisocial behavior.

I believe our children are our future and I am dedicated to providing support for youth in our community. My work and experience with police and Citizens across the state will benefit our community.

I am committed to work on your behalf to ensure that council services and facilities become more affordable for more residents.

I consider I have the experience and drive to work on your behalf and to also protect and secure our natural environment for future generations.
