

GARVEY, GARRICK JEREMY

Hello, My name is Garrick Garvey and I have been a resident of the North ward for the past 8 years. As an Army Reservist I know and understand what it means to have responsibility and a sense of duty, to serve the public. I have always considered my listening skills to be my greatest asset. That's why a vote for my will ensure you have strong candidacy and reprehensive for the North Ward.

I have always been outspoken on agendas such as youth issues and problems facing small business. I strongly believe in the power of the individual, as such I endorse real and personal property rights. I also believe in limited regulation of local government in the operation of commerce, particularly small business.

As a young man I am very open and approachable and encourage anyone with concerns or issues to contact me.
