

SMITHSON, Bob

As your serving local councilor, I have contributed to the community by serving on and leading many volunteer community organisations with a proven track record of delivering to the community over forty nine years.

I live in Butler, am a committee member of our Residents Association, support Neighbourhood Watch, more CCTV, Security Patrols, all Community Groups, Sporting, Youth, Seniors, Volunteers and provision of additional Community Facilities and Programmes.

I am strongly committed to improving Community Safety, Preserving our Environment and encouraging development to benefit all residents and help reduce our rates.

A retired Christian businessman who has lived in the City of Wanneroo for the past 36 years, I need and respectfully ask for your vote to enable me to provide you with strong independent representation, free from undue political party interference.

I have no political ambitions.
