

CVITAN, Frank

I have lived within the City for over 40 years and represented the Central Ward from 1999-2009 on Council. I ask for your support to elect me to the Central Ward as your representative as I am politically neutral. I am committed to working diligently as previously demonstrated.

My goals are: Continuing development and progress of the Wanneroo Town Centre: A sensible outcome of traffic management for Regent Waters; Full dualing of Wanneroo Road; Extending the rail link to Yanchep; A By-pass for East Wanneroo; Graffiti and Crime prevention; Sensible City planning for the ward including the Rural sector; Traffic control for Joondalup Drive: Removal of the Wangara Peat stockpile.

I have represented Council on many external committees including WALGA State Council.

I pledge to give the highest quality of representation and to work hard with all residents to make our community the best and safest to live.
