

HEWER, Norman

YOUR VOICE FOR EFFECTIVE AND STRONG REPRESENTATION ON COUNCIL

As your current serving Councillor and a long-term resident in our community, I've worked on your behalf to improve services and facilities with a focus on youth services and the environment.

While much has been achieved, I believe that I have been a strong voice to aid the protection and preservation of our unique environment and diverse conservation areas.

I will continue to work for safer communities and better roads for the safety and benefit of all. I continue as a volunteer of Driver Reviver, the Wanneroo Fire Support Services and as an executive member of Carramar and Tapping Residents Association.

I pledge to continue working for local business and employment, the development of a regional sporting complex for the growing suburbs of Yanchep and Two Rock and facilities for all suburbs of our community.
