

The plan view shows a road widening project. On the left, the 'EXISTING' road is shown with dashed lines for the kerbing (semi-mountable), edge of bitumen, and footpath (concrete). A tree to be removed is marked with a cross and labeled '125W MV'. The 'PROPOSED' road on the right shows a wider kerbing (semi-mountable) and a wider edge of bitumen. A circular feature, possibly a manhole or a small pond, is marked with a circle and a cross. The road is labeled 'SUBURBAN ECO 42W 500' and 'ROAD WIDENING'.
