Statement: The Gutters and downpipe system will be designed in accordance with the BCA part 3.5.2 and shall discharge clear of the building. Disposed of stormwater must not cause erosion, corrosion or other defects as a result of the method of disposal. If these are likely to occur, then disposal will be into earthware or pvc drains which shall empty into a soak well or other suitable approved stormwater scheme, if discharge of water is to the surface, it will not be allowed to flow to the adjoining private or public property.
