## Legend

- 1 Main Entry Into the Play Space
- 2 Shelters
- 3 Existing Swing Area To Remain
- 4 Existing Carousel Area to Remain
- 5 Existing Swings to Remain
- 6 Fort to be reburbished/Upgraded
- 7 Secondary Entry Into The Park
- 8 Existing Fence
- 9 New Section of Fence to Enclose the Park.
- 10 Refurbished Sand Play Area with New Play Equipment and Shade Sails. A section of rubber softfall to make it accessible
- 11 Refurbished Climbing and Open Play Area with New Play Equipment and Shade Sails. A section of rubber softfall to make it accessible
- 12 New Nature Play Space with Timber Elements/Logs/Steppers/Teepee
- 13 Existing Toilet Facility to Remain

# Rotary Park Master Plan

Area 1 - Fort/  
Tree House

Area 2 - Climbing/  
Imaginative Play

Area 3 - Sand Play

Area 4 - Nature  
Play

Rotary Park is a much loved park with a distinct character. This masterplan aims to identify areas of improvement but not to change the feel and functionality of the park.

The main areas of improvement include the following:

- Fully enclose the park to improve safety.
- Create one main entry from the carpark, with a double self-closing gate and widened footpath. 2 other minor entrances will be created- one from a footpath along Scenic Drive for local users and one on the southern end to keep the path accessible.
- Refurbish the Tree House (Area 1). This will include installing new structural posts and re-configuring the fort to improve the user experience and add some more challenging features. The intention is that the fort will have similar aesthetics and functionality as it does currently.
- Redesign the middle Play Space (Area 2) by removing all current equipment and installing new Climbing and Imaginative Play Items. New Shade sails will also be added, as well as rubberised surface to improve accessibility. The range of new equipment will cater for all ages and abilities.
- Redesign existing sand play area (Area 3) to make it more engaging and suitable for all abilities. A rubberised surface will be provided to some of the elements so it can be used by wheelchair users as well. Sand Play will be the main function of this space.
- Redevelop Area 4 to include a selection of nature play elements to complement the general feel of the park and provide different challenges for children of all ages.
