

City of Wanneroo Bike Plan

Our Vision: "To make cycling an integral part of daily life in Wanneroo, so that persons of all ages and abilities can utilise bicycles safely for all types of trips."

The City of Wanneroo is pleased to announce the development of a new bicycle plan to deliver the vision of transforming the City to a more bicycle-friendly environment that better caters for cyclists of all types.

The City aims to actively encourage cycling in order to achieve its community vision for a more bicycle-friendly city. As part of the Wanneroo Bike Plan development, we are conducting extensive community engagement to discuss your views and share any comments or opinions you have as a part of this project.

Receiving feedback from you is important to ensure the City maintains a community vision and aspiration that will create a high quality, connected and accessible bicycle network that will attract and encourage a broader spectrum of the community to cycle.

Please leave comments below, or contact Kevan Weaver as detailed to the left.

For further information please go to www.wanneroo.wa.gov.au where overall indicative plans of cycling are available or visit 23 Dundobar Road, Wanneroo WA 6065
