

# Mitchell Freeway Extension: Burns Beach Road to Hester Avenue

## WORKS OVERVIEW

Major earthworks are underway with approximately 3.5 million tonnes of existing material expected shifted by project completion. Where possible, material is being re-used within the project area however some material will need to be taken off-site.

During August, Construction Reference Group (CRG) representatives participated in walk-throughs of the Neerabup Road and Wanneroo Road alignments to identify specific native trees that may be retained. The next meeting with the CRG will be held in early September.

Removed vegetation is mulched and stockpiled within the worksite for re-use at the end of the project

## UPCOMING WORKS – SEPTEMBER 2015

Location	Activities
<b>Currumbine</b>  Currumbine Train Station to Burns Beach Road	<ul style="list-style-type: none"> <li>Vegetation removal and permanent fence installation in the median along the proposed freeway.</li> <li>Delivery of equipment to site between 3am and 5am on a weekday. Lane closures will be required at the on and off-ramps of the freeway at Burns Beach Road.</li> </ul>

## WORK HOURS

All works will be conducted, Monday to Saturday between 7am and 7pm.

Where works are required outside of these hours, we will endeavour to ensure local residents are notified accordingly.

## TRAFFIC CHANGES

Reduced speed limits and lane closures will be in place as required by the project.

Signage will be in place to guide motorists through these changed traffic conditions.

## PROJECT INFORMATION DISPLAY

Come down to Ocean Keys Shopping Centre to meet the team and find out more about the project.

**Location:** Ocean Keys Shopping Centre

**Time:** 4pm to 8pm Thursday 17 September and 10am to 3pm Saturday 19 September.

Water carts and rollers used to compact new material as the ground level is built up.

Scrapers used to move excess material near Clarkson Train Station further north to increase ground levels.

Permanent fencing installed along the boundaries of the road reserve, and between the train line and the freeway alignment.
