

NIGHT WORKS

Joondalup Dr/Wanneroo Rd Intersection, Wanneroo 5 September to 31 October 2016

Night-time works are required at the **Joondalup Drive/Wanneroo Road intersection** on intermittent nights from **5 September to 31 October 2016**, between **7pm and 7am**.

WORK ACTIVITIES

The work activities may include:

- Removing kerb and medians
- Pavement construction
- Asphaltting
- Installing and removing traffic barriers and traffic management
- Line-marking.

On-site activities and vehicle movements may generate some noise, such as reversing 'saftey squawkers', for adjacent residents. We will miminise noise as much as possible.

Night-time works are required due to day-time traffic volumes and the safety of project workers operating in close proximity to live traffic.

TRAFFIC IMPACT

Lane closures and traffic management will be in place in the vicinity of the Joondalup Drive/Wanneroo Road intersection. Road user access will be maintained throughout the works, although lane capacity will be reduced.

The speed limit will be reduced to 40km/h through the work area.

Road users are encouraged to take care when driving through the area.
