“

Our Strategic Community Plan provides the City of Wanneroo and others, with a clear understanding of what matters most to the communities within Wanneroo.

”

# Message from the Mayor

## Planning our future together

I am pleased to introduce the City of Wanneroo Strategic Community Plan 2017/18 – 2026/27. This document is based on community input to help make our City more distinctive, connected and prosperous.

This Strategic Community Plan is a long-term, overarching document that presents the vision and aspirations for the future of our community. It also sets out the key strategies and actions required to achieve these aspirations. The Plan identifies how we will get from where we are now to where we want to be.

It provides the City of Wanneroo, and others, with a clear understanding of what matters most to the communities within Wanneroo and guides the way in which we plan for the future and deliver services.

Achieving the identified aspirations will rely on the collective commitment and combined actions of the City of Wanneroo, government agencies, residents, partners and the broader business community and community groups. Through such a collaborative approach, we will:

- work towards achieving key outcomes that are aligned to community aspirations;
- provide opportunities for participation by the community in decision making processes;
- coordinate strategic thinking and advocate for decision making to best use the resources of the City of Wanneroo and other organisations working with and in the community;
- adopt a long term focus for the effective planning and delivery of facilities and services by the City of Wanneroo and other organisations working with and in the community.

This visionary document would not have been possible without community input and I sincerely thank everyone who participated. I encourage all members of our community to continue to contribute as we plan our future together.

*Mayor Tracey Roberts JP*

“ **Achieving the identified aspirations will rely on collective commitment and a collaborative approach.** ”

**Tracey Roberts JP**  
Mayor

# Your Council

Council is the decision-making body that sets the strategic direction and policy about the priorities and provision of services to the communities of Wanneroo. Council determines the 10-year strategic and four-year business priorities, and adopts an annual plan and budget which describes the key activities for the 12-month period and how these will be funded.

The needs and aspirations of communities are represented by 15 Elected Members comprising the Mayor and 14 elected members across three wards, these being North Coast, Central and South.

PERTH

# Overview of the City of Wanneroo

The City of Wanneroo is a rapidly expanding local government located on the northern edge of the Greater Perth Metropolitan area, approximately 12km from the Perth CBD at its nearest point and 62km at its furthest point.

Our City covers an area of 683km<sup>2</sup>, has 32 kilometres of coastline and is made up of 36 suburbs. It is Western Australia's fastest growing local government authority and has consistently been chosen by many as a preferred place to live and do business.

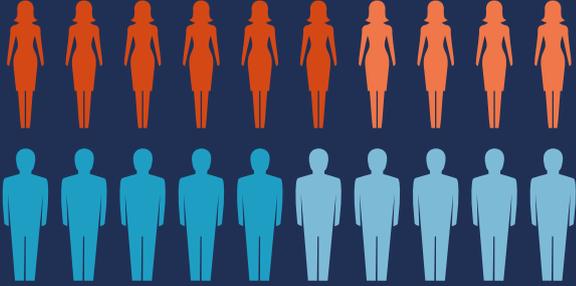

The City literally has something for everyone; from coastal plains to wetlands, from market gardens to residential homes, from thick bushland to urban development.

For businesses, Wanneroo is a place of opportunity, with the Clarkson and Wanneroo secondary centres providing strong retail and associated employment opportunities, and the Wangara Industrial Area providing a hub for office headquarters, showrooms and manufacturing.

Future growth will see new lifestyle and business opportunities in the rapidly growing coastal corridor and major activity at the Strategic Metropolitan Centre of Yanchep and the Secondary Centres of Alkimos, Clarkson and Wanneroo.

# Our Community

POPULATION **207,168**

COUPLES WITH CHILDREN

**41%**

# Our Vision

Inspired by our past, working to create a vibrant, progressive City, providing opportunity and investment to enable our growing communities to prosper.

# Our 2017/18 – 2026/27 Strategic Community Plan at a glance

This Strategic Community Plan 2017/18 – 2026/27 reviews and builds on our previous Strategic Community Plan 2013/14 – 2022/23. The updated plan recognises that the current economic climate is a key challenge for the City of Wanneroo. The slowing down of economic growth and increased unemployment in Western Australia has an impact on residents of the City, particularly considering the population is forecast to grow to more than 410,000 by 2041.

We are seeking to achieve the following key outcomes for our diverse and growing communities. Strategies for each of these outcomes will enable us to focus our efforts in the planning and delivery of high quality products and excellent services to meet community aspirations:

## Society

Aspiration: Healthy, safe, vibrant and connected communities

## Outcomes

Healthy and Active People  
Safe Communities  
Distinctive Places  
Connected Communities

## Economy

Aspiration: Progressive, connected communities that enable economic growth and employment

## Outcomes

Local Jobs  
Strategic Growth  
Smart Business  
Places of Destination

## Environment

Aspiration: A healthy and sustainable natural and built environment

## Outcomes

Resource Management  
Enhanced Environment  
Reduce, reuse, recycle waste  
Activated Places  
Connected and Accessible City  
Housing Choice

## Civic Leadership

Aspiration: Working with others to ensure the best use of our resources

## Outcomes

Working with Others  
Good Governance  
Progressive Organisation

# Developing Our Strategic Community Plan

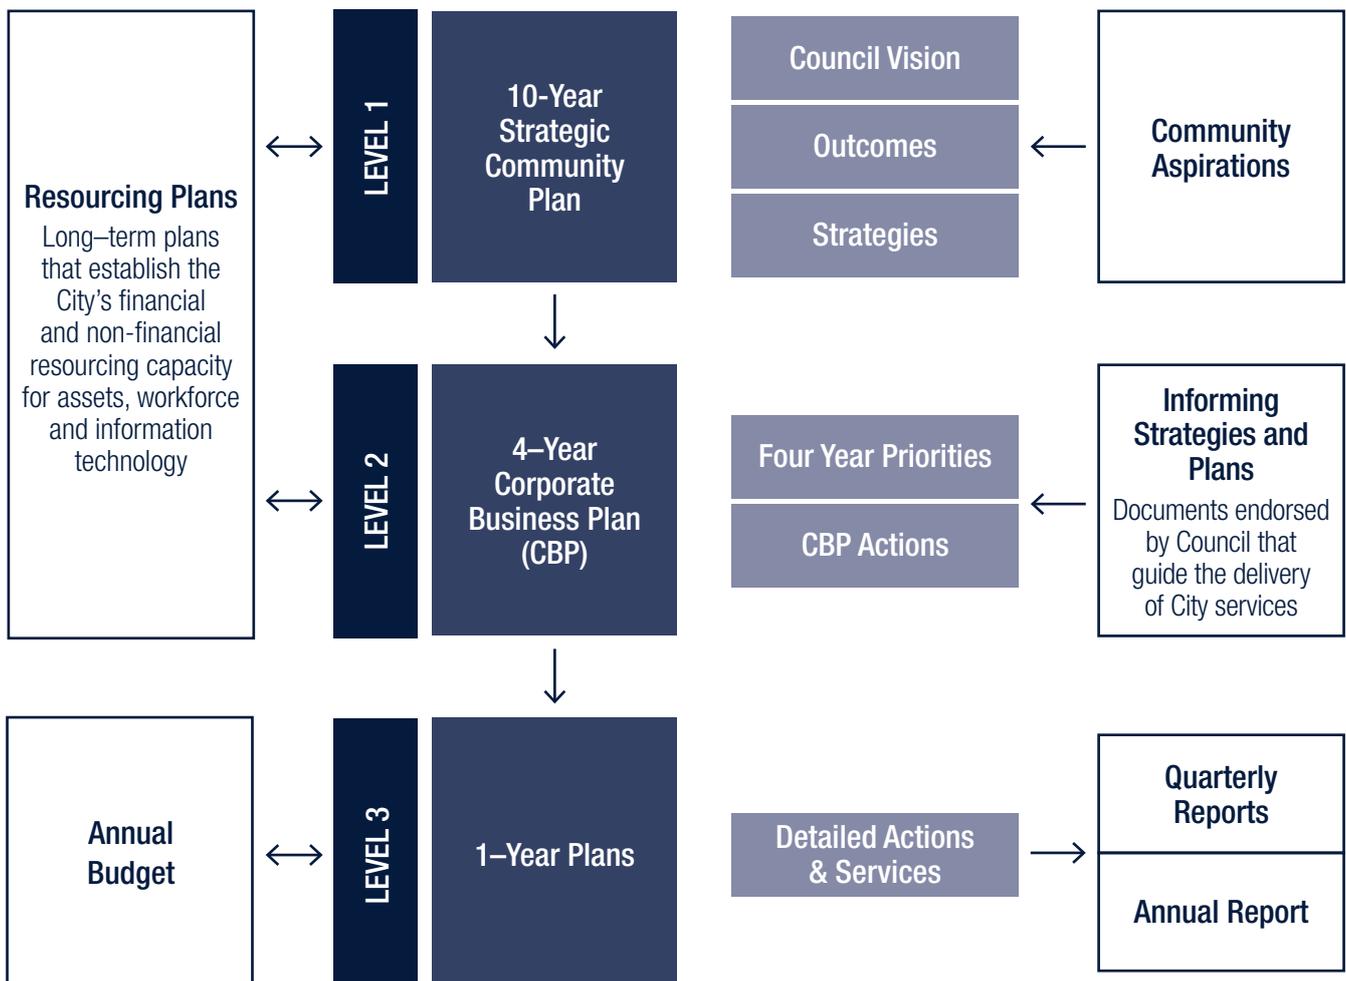

## Requirement for a Strategic Community Plan

In 2010, the Integrated Planning and Reporting Framework (IPRF) was introduced as part of the State Government’s Local Government Reform Program. This process is designed to:

- Articulate the Council’s vision, outcomes and priorities (Level 1);
- Allocate resources to achieve the vision, striking a considered balance between aspirations, affordability and capacity (Levels 2 and 3);
- Monitor and report on progress in achieving the outcomes set out in the plans (Level 3).

The Strategic Community Plan is a key part of the IPRF and is a ten-year planning document capturing the priorities of Council as informed by the aspirations of the community.

## Integrated Planning Framework

# Listening to our Community

This Strategic Community Plan builds on our previous Strategic Community Plan 2013/14 – 2022/23. Every two years a strategic review of the plan is conducted, with a more comprehensive formal review, including community consultation, every four years. Community aspirations expressed through the consultation process have informed and shaped the four priority themes of Council, these being:

- SOCIETY
- ECONOMY
- ENVIRONMENT
  - Natural environment
  - Built environment
- CIVIC LEADERSHIP

The community aspirations together with the Outcomes that we want to achieve for our community and the Strategies that will deliver these Outcomes are set out on the following pages.

# Society

## What our community told us:

- The City should create opportunities that encourage people to be healthy and active.
- There is an emerging need in the community for better accessibility of services and infrastructure should be close to home and available more locally.
- The facilitation of social connectedness should build community spirit and focus particularly on youth and the aged.
- The City should provide support for community groups, especially volunteer groups.
- The City should work with partners to improve safety, particularly in more isolated communities.

## Aspirational Outcome:

Healthy, safe, vibrant and connected communities

# Society

## Outcome 1.1 Healthy and Active People

### Strategy

How will we get there?

1.1.1 Create opportunities that encourage community wellbeing and active and healthy lifestyles.

1.1.2 Facilitate opportunities within the City to access peak and elite activities

### Measures

How will you know our progress?

Lead Measures:

- Active Reserves Master Plan
- Community Facility Planning Framework
- Master Plan for sport related cycling facilities

Lag Measures:

- Community satisfaction with the City's provision of sport and recreation facilities
- Participation at State or National levels.

## Outcome 1.2 Safe Communities

### Strategy

How will we get there?

1.2.1 Enable community to be prepared and recover from emergency situations

### Measures

How will you know our progress?

Lead Measure:

- Emergency Management Plans

Lag Measure:

- Attendance at hotspots

## Outcome 1.3 Distinctive Places

### Strategy

How will we get there?

1.3.1 Create distinctive places based on identity of areas

1.3.2 Create place-based access to local services

1.3.3 Advocate and partner to meet changing community service expectations in place

### Measures

How will you know our progress?

Lead Measure:

- Activation of local based service delivery in Girrawheen and Yanchep

Lag Measure:

- Satisfaction with place-based services offered at Girrawheen and Yanchep

## Outcome 1.4 Connected Communities

### Strategy

How will we get there?

1.4.1 Connect communities through engagement and involvement

1.4.2 Strengthen community and customer connectedness through community hubs

1.4.3 Build strong communities through the strength of cultural and heritage diversity

### Measures

How will you know our progress?

Lead Measures:

- Access and Inclusion Plan
- Reconciliation Action Plan
- Age Friendly Strategy
- Youth Strategy
- Social Plan

Lag Measures:

- Volunteer rate / number per population
- Community participation in cultural and heritage activities
- Satisfaction with opportunities for diverse groups to be included (Community Inclusion Activities)
- Community satisfaction with the City's access to services and facilities for people with disabilities

Our key partners for delivering on SOCIETY outcomes include State Government agencies as well as the not for profit sector and a variety of community groups.

# Economy

## What our community told us:

The City should give priority to facilitating local employment to support a growing population.

- It is important that the City encourages a diverse range of businesses to establish themselves or expand in Wanneroo. For example, opportunities for wind farms, coastal fishing and waste to energy plants should be encouraged.
- The City should be very active in facilitating growth in the Neerabup Industrial Area.
- The City should facilitate the technology, transport and other supporting infrastructure to attract investment and job creation in the region.
- The City should capitalise on the natural assets and unique features of Wanneroo to encourage tourism and employment related to tourism.

## Aspirational Outcome:

Progressive, connected communities that enable economic growth and employment

# Economy

## Outcome 2.1 Local Jobs

### Strategy

How will we get there?

2.1.1 Develop strong economic hubs locally and near transport

2.1.2 Build capacity for businesses to grow

### Measures

How will you know our progress?

Lead Measures:

- Number of residents employed
- Overall employment rate of working age people
- Number of local jobs
- % completion of ED Strategy Sub Program 2.2 (Industrial Areas) and 2.4 (Commercial Centres and Coastal Nodes)
- % completion of ED Strategy Sub Program 4.1 (Local business services, training and facilities) and 4.3 (Internal Process improvements)

Lag Measure:

- Business satisfaction with the City's economic development and job creation

## Outcome 2.2 Strategic Growth

### Strategy

How will we get there?

2.2.1 Activate Yanchep as a future city of the North

2.2.2 Continue to activate the Wanneroo Town Centre

2.2.3 Activate secondary and district centres

2.2.4 Protect and increase availability of employment generating land

2.2.5 Attract investment development and major infrastructure

2.2.6 Focus on industry development in key strategic areas such as Neerabup

### Measures

How will you know our progress?

Lead Measures:

- Governance framework for facilitation of jobs creation in Yanchep
- % completion of ED Strategy Sub Program 2.1 (Citywide requirements) – Employment Locations
- % completion of ED Strategy Program 3.2 (Investment Attraction)

Lag Measure:

- Growth in commercial / industrial rating assessments

### Outcome 2.3 Smart Business

#### Strategy

How will we get there?

2.3.1 Attract innovative businesses with a focus on technology hubs and agri-business

2.3.2 Promote early adoption of innovative technology by business

#### Measures

How will you know our progress?

Lead Measures:

- % completion of ED Strategy Sub Program 1.1 (Clean Technology), 1.2 (Agribusiness and Aquaculture) and 1.3 (Advanced Manufacturing and Engineering)
- % completion of ED Strategy Sub Program 3.1 (Strategic Economic Marketing)

Lag Measure:

- Business satisfaction re access to technology / NBN connectivity

### Outcome 2.4 Places of Destination

#### Strategy

How will we get there?

2.4.1 Actively build on cultural heritage and distinctive identity to promote Wanneroo as a place to visit

2.4.2 Enhance Wanneroo as a distinctive place to invest

#### Measures

How will you know our progress?

Lead Measure:

- completion of ED Strategy Sub Programs 1.4 (Tourism), 5.1 (Strengthening Regional Partnerships) and 5.2 (Strengthening Regional Tourism)

Lag Measure:

- Visitor numbers – Tourism Council of WA

Our key partners for delivering on ECONOMY outcomes include Local, State and Federal Government agencies, the Wanneroo Business Association, developers of land and property, and a large number of local and regional businesses.

# Environment

## What our community told us:

### Natural Environment

- Community feedback considered the environmental significance and diversity of places as high priorities.
- Expectations are that the City will promote, protect and activate local areas including the beaches, national park, bush land and open spaces.
- There is a growing awareness and expectation from the community that natural resources should be conserved.
- Alternative energy and water sources should be considered in planning and community expectations are that waste should be recycled.
- Planning for and managing fire and other risks continue to be an important priority for the community.

### Built Environment

- Community feedback strongly advocated the need for housing diversity and new or renewed infrastructure including recreation spaces, walking and cycling infrastructure and local public amenities.
- Connectedness is key to building strong communities particularly in those areas that are not well serviced by good transport infrastructure.

### Aspirational Outcome:

A healthy and sustainable natural and built environment.

# Natural Environment

## Outcome 3.1 Resource Management

### Strategy

How will we get there?

3.1.1 Minimise impacts of climate change

3.1.2 Seek alternative ways to improve energy efficiency

3.1.3 Proactively manage the scarcity of water through sustainable local water management strategies

### Measures

How will you know our progress?

Lead Measures:

- Energy efficiency ratings of key buildings
- Development of Energy Reduction Plan
- Climate Change Adaptation Plan
- Water Conservation Plan

Lag Measures:

- Water use by the City – scheme water / ground water
- Satisfaction with the City's environmental management
- Satisfaction with water resource management
- Energy consumption (reduction in key buildings)

## Outcome 3.2 Enhanced Environment

### Strategy

How will we get there?

3.2.1 Maximise the environmental value of beaches, nature reserves and parklands

3.2.2 Collaborate with relevant State agencies with a focus on the enhancement of the natural environment.

3.2.3 Optimize retention of significant vegetation and habitat

### Measures

How will you know our progress?

Lead Measures:

- Winter planting program
- Local Biodiversity Strategy
- Strategic Environmental Plan

Lag Measures:

- Satisfaction with management of local beaches/coastline
- Increase in volunteer hours in conservation

### Outcome 3.3 Reduce, reuse, recycle waste

#### Strategy

How will we get there?

3.3.1 Treat waste as a resource

3.3.2 Foster a partnership with community and industry to reduce waste

3.3.3 Create and promote waste management solutions

#### Measures

How will you know our progress?

Lead Measures:

- Strategic Waste Management Plan 2016-22
- Delivery of Waste management Education programs

Lag Measures:

- Increase in customer satisfaction levels with recycling
- Reduction in waste generated per capita in the City
- Reduction of diversion rate of waste to landfill – kg per capita (65% by 2020)
- Increase in total volume of recycled waste to other waste ratio

## Built Environment

### Outcome 3.4 Activated Places

#### Strategy

How will we get there?

3.4.1 Create local area land use plans supporting our activated places

3.4.2 Provide safe spaces, centres and facilities through our infrastructure management and designs for community benefit and recreation

3.4.3 Enhance distinctive built form and spaces based on identity of areas

3.4.4 Improve local amenity by retaining and complementing natural landscapes within the built environment

#### Measures

How will you know our progress?

Lead Measures:

- Application of Crime Prevention Through Environmental Design (CPTED) principles
- Streetscapes Policy
- Tree Conservation Policy
- Local Area Plans

Lag Measure:

- Community satisfaction with public spaces

## Outcome 3.5 Connected and Accessible City

### Strategy

How will we get there?

3.5.1 Deliver local transport infrastructure including roads, footpaths and cycle ways to improve accessibility

3.5.2 Connect walking and cycling opportunities to key destinations and distinctive places

3.5.3 Advocate for major integrated transport options close to communities

### Measures

How will you know our progress?

Lead Measures:

- Strategic Transport Plan
- Cycle Wanneroo Plan

Lag Measures:

- Community satisfaction with local streets and footpaths, cycle ways
- Road condition
- Construction of pathways

## Outcome 3.6 Housing Choice

### Strategy

How will we get there?

3.6.1 Facilitate housing diversity to reflect changing community needs

### Measures

How will you know our progress?

Lead Measure:

- Local Housing Strategy

Lag Measures:

- Diversity of new dwelling types.
- Lots created – Girrawheen Koondoola areas
- Satisfaction with mix and diversity of housing types locally

Our key partners for delivering on NATURAL and BUILT ENVIRONMENT outcomes include Local, State and Federal Government agencies, developers, businesses and community groups.

# Civic Leadership

## What our community told us:

- There is an expectation that the City will engage, communicate and consult with the community, providing a range of opportunities to participate in decision making.
- The City is expected to operate in a way which is transparent, open, honest and accountable to the community.
- Satisfaction levels of the community with the services delivered by the City and the way we operate is high. However, there is an expectation that we will continue to be innovative in providing high quality and accessible services.

## Aspirational Outcome:

Working with others to ensure the best use of our resources

# Civic Leadership

## Outcome 4.1 Working with Others

### Strategy

How will we get there?

4.1.1 Build effective partnerships and demonstrate leadership in local government at regional, state and national levels

4.1.2 Engage, include and involve community

4.1.3 Advocate and collaborate for the benefit of the City

### Measures

How will you know our progress?

Lead Measures:

- Advocacy Strategy
- Community Engagement Framework
- Stakeholder Management Framework

Lag Measures:

- Community satisfaction that the City has a good understanding of the community needs.
- Community satisfaction on opportunities to participate and to be consulted
- Community satisfaction with information about the City's services

## Outcome 4.2 Good Governance

### Strategy

How will we get there?

4.2.1 Provide transparent and accountable governance and leadership

4.2.2 Provide responsible resource and planning management which recognises our significant future growth

4.2.3 Ensure return on investment and well maintained assets through development and implementation of a strategic asset management framework

### Measures

How will you know our progress?

Lead Measures:

- Building facilities assessment ratings
- Financial ratios
- Long Term Financial Plan (20-year)
- Strategic Asset Management Framework and Asset Plans
- % delivery of capital projects (time/ cost / scope)

Lag Measures:

- Financial Health Indicator (weighted average of the LG financial ratios)
- Satisfaction with the City of Wanneroo as the organisation that governs the local area

### Outcome 4.3 Progressive Organisation

<p><b>Strategy</b> How will we get there?</p>	<p>4.3.1 Lead excellence and innovation in local government</p>
<p><b>Measures</b> How will you know our progress?</p>	<p>Lead Measure:</p> <ul style="list-style-type: none"> <li>• % of Australian Business Excellence Framework priorities implemented following assessment</li> </ul> <p>.....</p> <p>Lag Measures:</p> <ul style="list-style-type: none"> <li>• Community satisfaction with the organisation</li> <li>• Non-compliance in Compliance Audit Return.</li> </ul>
<p><b>Strategy</b> How will we get there?</p>	<p>4.3.2 Ensure excellence in our customer service</p>
<p><b>Measures</b> How will you know our progress?</p>	<p>Lead Measures:</p> <ul style="list-style-type: none"> <li>• Customer First Strategy 2016-2020</li> <li>• Access to online information and services and apps</li> </ul> <p>.....</p> <p>Lag Measures:</p> <ul style="list-style-type: none"> <li>• % customer requests (CRMs) responded to within the target time</li> <li>• Satisfaction with the City's responsiveness to resolving problems and enquiries</li> <li>• Satisfaction with services and facilities</li> </ul>

Our key partners for delivering on CIVIC LEADERSHIP outcomes include Local, Regional, State and Federal Government agencies, developers, and businesses.

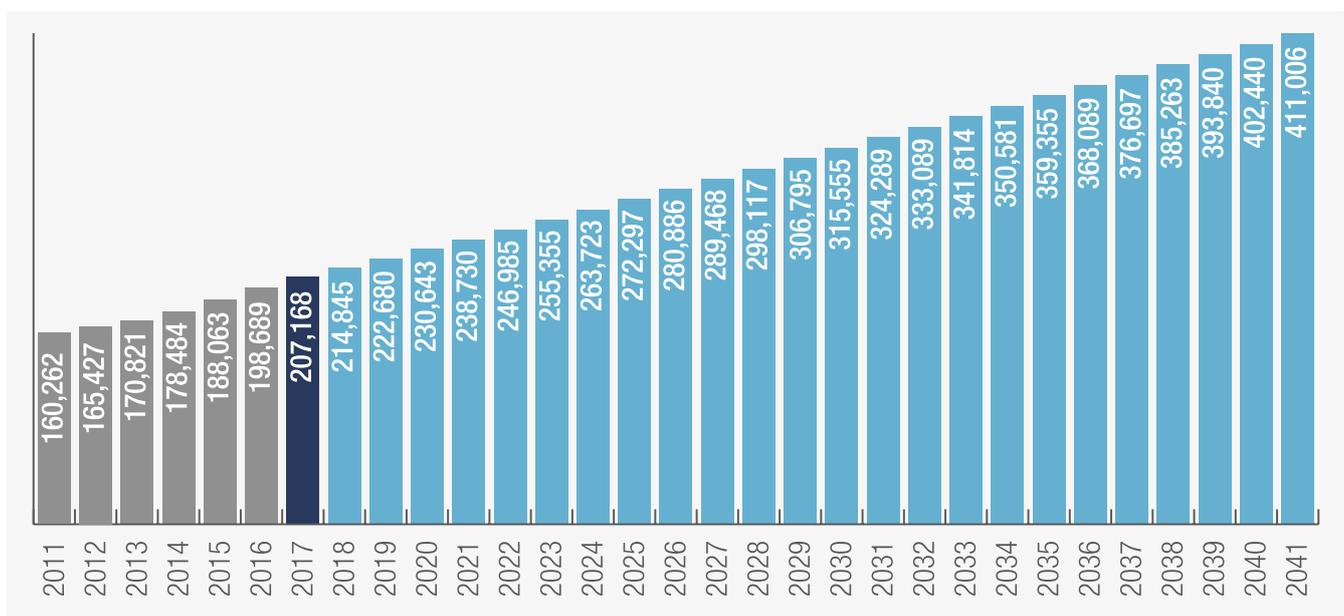

# Population Growth and Economic Development

The Strategic Community Plan takes account of population growth and economic development as well as community aspirations expressed through the consultation process.

The population of the City of Wanneroo has seen significant growth in recent years with an average annual increase of 5% over the past decade. By 2041, the City's population is expected to more than double with over 410,000 people expected. An additional 3,100 new dwellings will be required per year to accommodate this population increase and ultimately 100,000 additional local jobs will be needed.

Actual and projected estimated resident population for the City of Wanneroo (2011–2041):

The City's population is also culturally and linguistically diverse. Of the estimated 207,000 residents, approximately 40% were born overseas and 18% speak a language other than English at home. The age profile of the City is likewise diverse, with older, more established suburbs home to ageing populations. Newer areas in the north of the City are home to young families.

## Economic Snapshot

The Gross Regional Product generated within the City of Wanneroo was estimated at about \$6.6 billion in 2016, which represented 2.6% of Gross State Product. There are 50,000 local jobs, 12,495 registered businesses and 97,000 employed local residents within the City.

The top three industries in Wanneroo are construction, manufacturing and retail. Our commercial and industrial areas are well located on major transport routes including; Wanneroo Road, Marmion Avenue, Gnangara Road and Ocean Reef Road.

However, the State unemployment rate has increased and sub-regional employment self-sufficiency (living and working in the same area) is one of the lowest in the Perth and Peel regions at just 53%. The State Government has established a target of 60% for the North-West Sub-Region by 2031.

The changed economic circumstances represent a significant shift since the last Strategic Community Plan was developed. In the City of Wanneroo, employment creation is focused on: Yanchep Strategic Metropolitan Centre; Wanneroo, Clarkson and Alkimos Secondary Centres; and Neerabup and Wangara industrial areas. The Neerabup Industrial Area is projected to employ in excess of 20,000 people at full capacity and will contribute significantly towards achieving State targets for local employment.

The changed economic circumstances will also require the City to focus on:

- Facilitating an increase in employment self-sufficiency to improve local employment opportunities.
- Ensuring land and infrastructure is made available to support economic development.
- Promoting and facilitating tourism opportunities.
- Focussing on strategic industry development, including clean technology, agribusiness and advanced manufacturing and engineering.

## Delivering on the Strategic Community Plan

The Strategic Community Plan guides and influences our strategic and service planning. In particular, it helps to determine what we deliver and how we deliver these services to our communities.

Success in service delivery by the City cannot be achieved in isolation; it requires working with partners towards agreed outcomes. Our role and the role of some of our main stakeholders in delivering services to the community are listed below:

Stakeholder	Partner	Service Provider	Regulator	Funder	Advocate	Facilitator
City of Wanneroo	●	●	●	●	●	●
Elected Members	●				●	●
Residents	●				●	
Local Business	●	●		●	●	
Voluntary Groups	●	●			●	
Community Organisations	●	●			●	
Other Local Governments	●	●	●	●	●	●
State Government	●	●	●	●		●
Federal Government	●	●	●	●		●

The nature of the relationships that we have and will continue to build on with our stakeholders is described below:

- **Partners** - delivers services or projects collaboratively, and in partnership with other organisations. – e.g. Tri-cities, partners, other local governments
- **Service Provider** - takes full responsibility for delivering services.
- **Regulator** - has statutory responsibilities to ensure compliant service delivery.
- **Funder** - funds other organisations to deliver services through grants or contracts.

- **Advocate** - promotes the interests of the community to other decision-making organisations such as State Government. Helps to ensure major priorities for the City and region are known, understood and prioritised by decision makers.
- **Facilitator** - brings stakeholders together to help them understand their common objectives and assists them to plan and achieve them. Helps enable and support business establishment, growth and investment.

## Alignment of Strategic Community Plan with Federal and State Government Policy

The City acknowledges that its planning is not done in isolation. The Strategic Community Plan sits within a State and Federal planning context and must be aligned with broader strategic priorities that impact the community at large.

The City of Wanneroo takes account of the following documents in its planning activities:

<b>FEDERAL</b>	COAG national objectives and criteria for Future Strategic Planning of Cities (2009)
	Sustainable Australia – Sustainable Communities: A Sustainable Population Strategy for Australia (2011)
	Our Cities, Our Future: A National Urban Policy for a Productive, Sustainable and Liveable Future (2011) and State of Australian Cities (2014/15)
	Australia to 2050: Future Challenges, the 2010 Intergenerational Report
	Australia's Biodiversity Conservation Strategy 2010 – 2030 and the Clean Energy Future Plan (2011)
<b>STATE</b>	Outer Metropolitan Perth and Peel Sub-regional Strategy (2010)
	Better Urban Water Management Framework (2008)
	State Water Plan (2007) and State Waste Strategy (2012)
	Green Growth Plan
	WAPC Policy Planning Framework
	Directions 2031 and Beyond: Metropolitan Planning Beyond the Horizon
	Public Transport Plan for Perth in 2031 (2011) and Perth Coastal Planning Strategy
	A 100-year Biodiversity Conservation Strategy for Western Australia for the Perth Metropolitan Region (2006)
	State Planning Policy 2.8 – Bushland Policy for the Perth Metropolitan Region
	<b>CITY OF WANNEROO</b>

## Monitoring Progress and Reviewing the Plan

Progress towards achieving the outcomes and aspirations of the Strategic Community Plan will be monitored and reported on to demonstrate our transparency and accountability to our community. This will be carried out in a number of ways.

The rolling four-year Corporate Business Plan translates the high level Outcomes and Strategies of the Strategic Community Plan into operational Priorities and Annual Actions. Through regular reporting on the Corporate Business Plan, progress in delivering on the strategic outcomes can be tracked.

To ensure a comprehensive approach to reporting on our broad performance against the Strategic Community Plan, a range of strategic measures have been developed. Lead measures will allow us to report on the proactive work that we are doing to achieve or improve on the outcomes for our community, whilst lag measures will enable us to report on how well we have performed in achieving the desired outputs or outcomes.
