

Parents and carers

About the eSafety Office:

We help all Australians have safer online experiences. Through education resources and advice we aim to improve the digital literacy and resilience of Australians online.

We also operate a complaints scheme for:

- * cyberbullying material affecting Australians under the age of 18
- * illegal and offensive online content.

- * We provide advice and resources to parents, schools and the police to assist in addressing cyberbullying incidents.
- * We refer and encourage young people to free confidential counselling and support such as **Kids Helpline** – 1800 55 1800 and **eheadspace** – 1800 650 890

What is cyberbullying?

Cyberbullying is a distinct form of aggression. It differs from traditional bullying in the lack of verbal cues, the permanence of digital data, the 24/7 accessibility and the anonymity.

Research indicates that approximately 1 in 5 children (8-17 years old) have been cyberbullied.

How the office can help you

- * We work with social media services to remove serious cyberbullying material. This includes material that is seriously threatening, intimidating, harassing or humiliating.
