Nominating for	<b>Councillor for Central Ward</b>
Election Type	<b>Ordinary</b>

---

## WRIGHT, Jordan

From day one, I have put myself out there, with no hidden agendas and purely running for the best intentions at heart giving back to the community.

I'm a local Hocking resident who grew up visiting our local parks, shops, community services and attended our local schools. I volunteer, work hard and contribute where I can.

Your vote is important this election, vote for someone who is young, fresh, authentic, transparent and accountable.

My positive platform is to regain community representation: supporting a freeze on rates, a transparency project, a youth action plan, and the waste collection revamp!

I pride myself on community consultation and listening to the ideas of the residents and ratepayers. Now I am ready to support our community on council.

"If nothing changes, nothing changes."
