## JENKINS, Peter

One of Perth's biggest Carols by Candlelight.

Place activation.

Wanneroo Soup.

I'm Peter, father of two and local Landsdale resident. You may remember me in the community as a driving force of the food truck events around the City of Wanneroo.

My experience in creating community events has fostered a passion for bringing communities together. As your elected member I will be an advocate for families and community.

Forming a Town Team Movement will create place activation experiences that will encourage community growth. Wanneroo Soup (based on Detroit Soup) will provide immediate funding to grass root community groups. I will also form a NFP organisation, bringing together local clubs, schools and business to create an annual Carols by Candlelight at Kingsway.

Vote Peter Jenkins.
