Nominating for	Councillor for North Ward
Election Type	Ordinary

FIGG, Alex

I'm a young and energetic Yanchep local and I get things done. I'm the Chairman of the Two Rocks & Yanchep Residents Association, I work in John Quigley's electorate office and I have a strong record of advocacy for our northern suburbs, such as the proposed Splendid Park Cycle Track, the Alkimos Aquatic Centre and an exit for Butler Blvd included in the new freeway extension.

I've been talking and listening to the community for over 5 years to understand what it is we want and need from local government. I'll have a simple ethos should I be lucky enough to be elected: do the simple things right.

Cleaner streets and verges, more trees, better accountability from developers and builders and a representative who will listen and be honest.

Enough fluff. It's my promise to you.
