ROWE, James

I am a proud local who has lived, worked and volunteered in our community my entire life. I'm excited about our future in the South Ward, and I will always put our community first! As a local public servant, I work hard every day to support you and your family.

This has allowed me to develop strong ties with school P&Cs, seniors clubs and multicultural groups. I have also heard the need for upgrades to local roads and parks, increased safety through lighting and CCTV and ensuring that Council is more open and accountable.

I'm a team player who is proactive, honest and respectful, embracing the diversity of our community. My commitment is to be your voice and ensure that you are never taken for granted. Let's work together!

Your vote allows me to advocate for our community on Council.
