## GUISE, Dianne

I have a long association with the Central Ward and have the knowledge and experience of representing our community on Council and in Government with passion and integrity.

As a local business woman and Board Director I understand the commitment required to run a business, manage large budgets and keep costs low.

There is more to be done to create local employment, ensure facilities and services are provided for families, seniors and youth and I have a demonstrated ability to deliver - Hocking/Pearsall Community Centre, Wanneroo skatepark, Seniors rooms and Town revitalisation.

I am independent, have the skill and experience to represent you effectively on Council.

I commit to bringing a fresh approach, dedicating my time and with support will be your strong Central Ward voice on Council.
