

CORPORATE BUSINESS PLAN

2022/23 - 2025/26

A thriving community

ACKNOWLEDGEMENT OF COUNTRY

*Kaya (hello) and Wandjoo
(welcome) to Wanneroo.*

Wanneroo kaadatj Noongar moort Noongar boodja-k Wadjak boodja-k. Ngalak kaadatj Noongar nedingar wer birdiya, barn boodja-k wer kaaradj boodja-k koora koora wer yeyi. Ngalak kaadatj baalabang malayin wer nakolak baalap yang ngalany-al.

The City of Wanneroo acknowledges the Traditional Custodians of the land we are working on, the Whadjuk people. We would like to pay respect to the Elders of the Noongar nation, past, present and future, who have walked and cared for the land and we acknowledge and respect their continuing culture and the contributions made to the life of this City and this region.

MOORO BOODJA

Aboriginal and Torres Strait Islander peoples have lived in Australia for more than 60,000 years.

The City of Wanneroo is located within ‘Noongar Country’ which extends across the south west of Western Australia. Two Noongar language groups, the Whadjuk and Yued peoples, lived and shared cultural areas in the northern parts of the City.

They moved around the coastal sand-plain according to the six Noongar seasons, living sustainably off the land. This region was part of Mooro Country, the district of the important Whadjuk Noongar elder and leader Yellagonga.

Water was vital for both survival and spiritual connections. This made Wanneroo, with the abundant food sourced on the shores of its lakes, an important environment for local Whadjuk Noongar families.

The name ‘Wanneroo’ comes from the word ‘Wanna’, meaning digging stick used by Aboriginal women and ‘Roo’ meaning ‘the place of’.

Introduction

Welcome to the City of Wanneroo Corporate Business Plan for 2022/23 to 2025/26.

The Corporate Business Plan (CBP) is a key part of the City’s Integrated Planning and Reporting Framework (IPRF) as is required under the Local Government (Administration) Regulations 1996.

The CBP translates Council priorities, as identified in the Strategic Community Plan 2021-2031, into operational delivery within the resourcing capability of the organisation, detailing the services and projects the City will deliver over the next four years, as well as providing key financial information on the approved operational budgets for the same timeframe.

This plan has been developed with the input of key stakeholders, including Council Members and the City’s Senior Leadership Team, and considers the needs of all people who live in and access services provided by the City of Wanneroo.

Council Foreword

Last year we launched our Strategic Community Plan 2021-2031 which set out our vision and aspirations for the next decade. It was developed with a high level of community consultation and focused on the issues you told us were important.

The Corporate Business Plan 2022/23-2025/26 sets out the steps we will take to achieve the goals outlined in the Strategic Community Plan.

We aim to create a City that offers an enviable lifestyle and communities that you are proud to be a part of. This plan promotes active and healthy lifestyles with abundant parks, reserves and recreational facilities; prospects for personal growth and development through libraries, youth and community centres and opportunities to engage in events and cultural activities that celebrate our rich history and diverse culture.

We will continue supporting local businesses through further reducing red tape; generate new opportunities that position the City as an attractive option for local, national and international business investment and explore new tourism options to draw visitors to our City.

Environmental sustainability is front of mind in all our decision making, to ensure we continue to not only preserve and protect, but also enhance our City’s natural environments including wetlands, bushland and our coastlines.

This plan continues us on our path to building a sustainable, vibrant and progressive City of Wanneroo for now, and future generations. We thank everyone involved for their contribution.

A Message from the CEO

In recent years we have increasingly seen people reconnect within their neighbourhood and the past two years have strongly demonstrated the importance of local government services and facilities.

Our aim is to continue to develop the City of Wanneroo as a desirable place to live with ample employment opportunities and unique places that embrace our rich and diverse history and celebrate our Aboriginal heritage.

The Strategic Community Plan 2021-2031 details our shared community vision and goals for the future and the Corporate Business Plan outlines how we will achieve those objectives. The next year will be a period of consolidation where we focus on embedding our programs and services, underpinned by strong, sensible economic management.

This includes providing our community with quality facilities and interactive programs to enable opportunities for healthy and active lifestyles.

Key projects include the Alkimos Aquatic and Recreation Centre, construction of the Splendid Park Cycling Track and sporting amenities at Halesworth Park.

There will be increasing opportunities for people to connect, engage and thrive with the expansion of our library and youth services. This includes a new public library and youth innovation hub in Landsdale, upgrading the Clarkson Youth Centre and a digital literacy program.

Recent feedback highlighted safety as a priority for our community and work has already begun to expand the City's CCTV network, improve lighting along identified pathways and increase safety patrols.

We will also work to minimise potential risks and impacts on the community from natural disasters such as bushfires and weather events through enhancing our preparedness, response and recovery measures.

As one of the fastest growing local government areas in WA, with the population forecast to grow to 285,000 by 2031, a key focus of our strategy is planning land use for the future. This includes sensitive development of residential areas and commercial hubs supported by local community facilities, amenities and transport networks.

As part of this, managing and maintaining our natural environment is essential, with foreshore and coastal management and the Urban Forest Strategy key attributes of our plan.

To further develop a thriving community, we will engage in economic development initiatives to enable local economic growth and employment opportunities. These include business support and engagement and investment attraction and planning for future business.

The Neerabup Industrial Area will play a major role in future economic development. This significant project includes an industrial subdivision that will house a world-leading Australian Automation and Robotics Precinct. At capacity the Industrial Area is expected to employ about 20,000 people.

Supporting local business and the economy through increasing tourism is also a priority. As well as creating an exciting and innovative events program that will attract people to the City we will investigate a variety of projects such as the redevelopment of the old Yanchep Surf Club site and exploring opportunities offered by the Quinns Rocks Caravan Park site.

Underpinning our direction for the next four years are clear and reliable organisational governance processes that ensure the City meets its legal obligations and makes ethical decisions in the interests of our community and stakeholders.

The next 12 months will see us all face a range of external challenges, such as the ongoing COVID-19 and the economic climate, and we will continue to manage the City's resources and services to meet the current and future needs of our community in a socially, culturally, environmentally and financially sustainable way.

I look forward to seeing this plan implemented, further cementing the City of Wanneroo as an attractive and flourishing community with a strong future.

CEO Daniel Simms

Our City

The City of Wanneroo is one of the largest and fastest growing local government authorities in Australia, and includes 32 kilometres of coastline, natural environments, agricultural and bush land.

The City has 36 suburbs, across 685.1 square kilometres and is characterised by a diverse mix of urban, rural and industrial land uses, as well as a significant area of natural bushland and state forest, including Yanchep National Park, Neerabup National Park and Yellagonga Regional Park.

A natural wetland system runs through the district, dominated by the pristine Lake Joondalup that separates the City of Wanneroo from the City of Joondalup. Urban land is predominantly residential, with a number of commercial centres providing jobs and services, along with the established industrial centre of Wangara and the newly emerging Neerabup Industrial Area site.

LOCATION

The City of Wanneroo lies on the north-eastern urban corridor of the Perth metropolitan area, about 12km from the Perth CBD at its nearest point and 62km at its farthest point. The City is bounded by the Shire of Gingin in the north, the Shire of Chittering and the City of Swan in the east, the cities of Stirling and Joondalup in the south, and the Indian Ocean to the west.

POPULATION

The estimated population for the City of Wanneroo is 219,788. By 2031, the estimated population will be 285,013, an increase of 65,225 or 29%.

HOUSEHOLDS

The fastest growing household type in the City of Wanneroo is estimated to be 'Couple Families with Dependents' with 30,427 in 2022 and 38,693 in 2031, an increase of 27%.

AGE

The largest age cohort in the City of Wanneroo in 2022 will be the 30 to 34 group, estimated to be 17,404 or 7.9% of the total population of the City. This is followed by the 0 to 4 age group (17,346 / 7.9%), and 5 to 9 age group (17,169 / 7.8%).

BUSINESS

In 2021, the City of Wanneroo's local economy generated \$8.06 billion in net wealth (Gross Regional Product or GDP), growing 6.3% from the previous year and representing 2.5% of the state's Gross State Product (GSP). The largest industry by employment in the City is construction.

Our Council

The City of Wanneroo is a democratically led organisation that consists of an elected Mayor and 14 Council Members. One Council Member is also elected as Deputy Mayor. Collectively, these 15 Council Members form the Council.

The City is divided into seven wards - North Ward, North-East Ward, Central-West Ward, Central-East Ward, Central Ward, South-West Ward and South Ward.

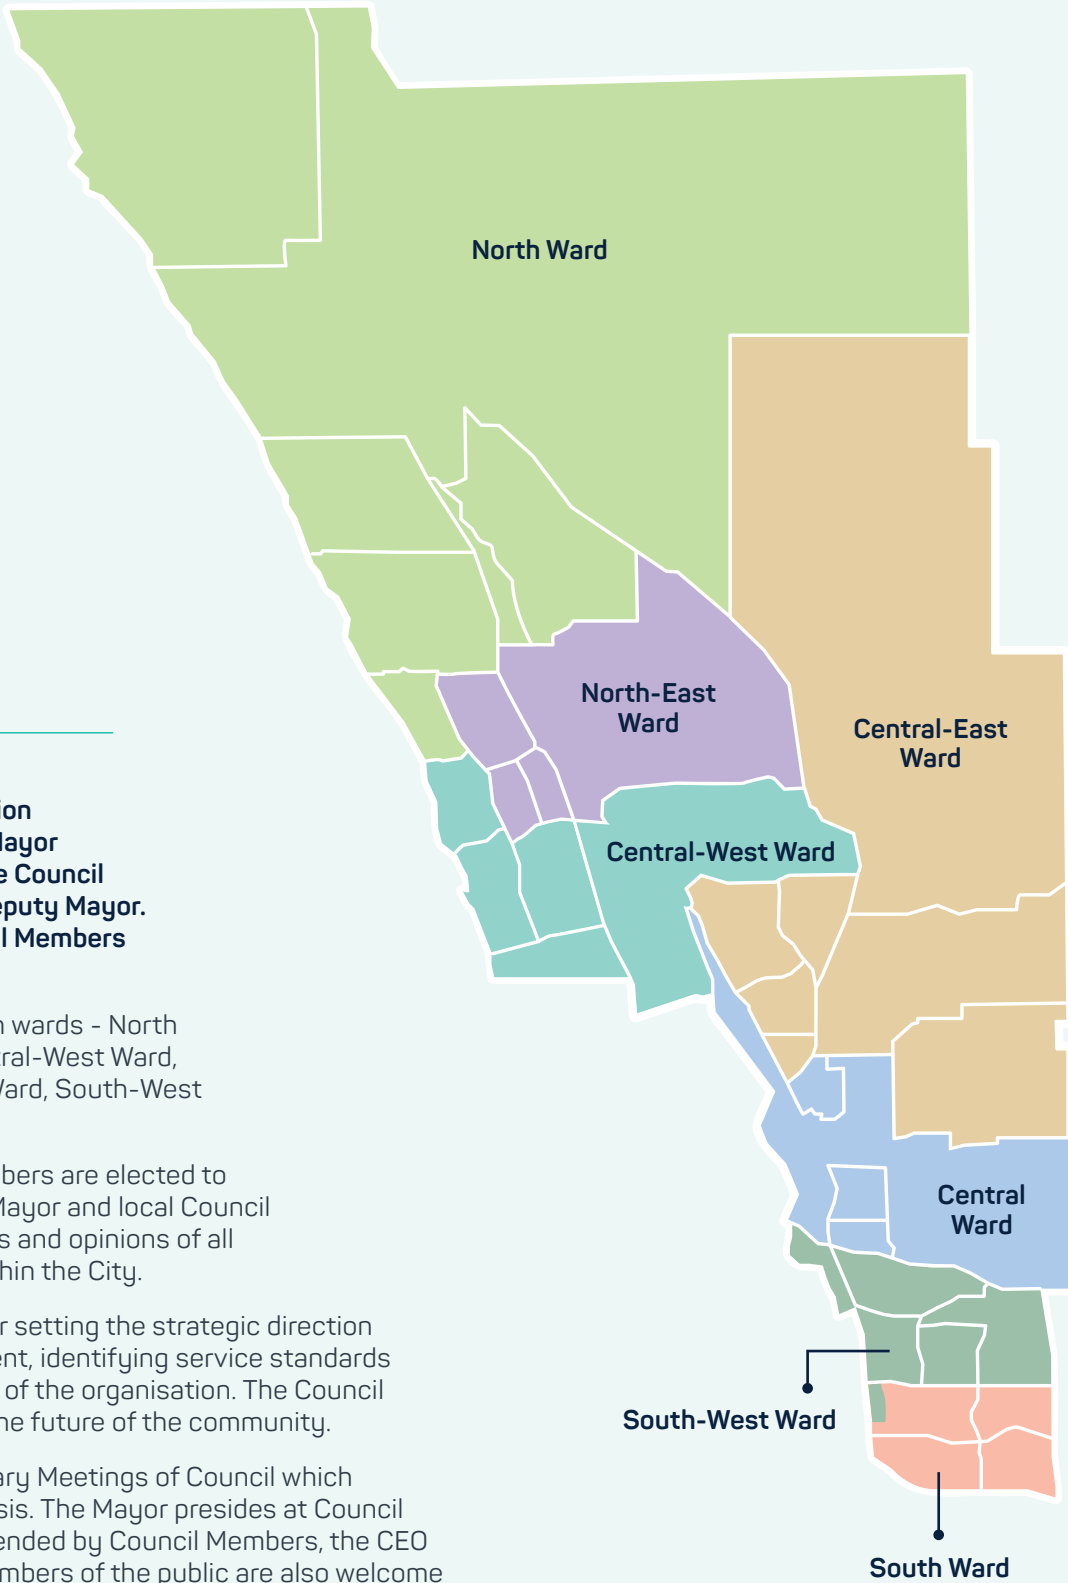

Representative Council Members are elected to their respective wards. The Mayor and local Council Members represent the views and opinions of all residents and ratepayers within the City.

The Council is responsible for setting the strategic direction of the City, policy development, identifying service standards and monitoring performance of the organisation. The Council makes decisions to benefit the future of the community.

Decisions are made at Ordinary Meetings of Council which are held on a four-weekly basis. The Mayor presides at Council meetings, which are also attended by Council Members, the CEO and Directors of the City. Members of the public are also welcome to attend. Reports are formally presented to provide information and advice to assist the Council in the decision-making process.

Council Members have regular contact with the community. They are keen to connect and engage with residents and ratepayers and do this via community events and forums, stakeholder consultation, Council meetings, telephone calls and in-person visits.

Council Members are elected for a four-year term of office. Local Government elections are held every two years, with half of the Council positions open for the election.

Our Strategic Direction

OUR SHARED COMMUNITY VISION

A welcoming community, connected through local opportunities.

The vision for the future of Wanneroo captures the essence of the passionate views of our community, who want to make Wanneroo a place that is welcoming to all people, and provide the necessary connections for those people to live, work and participate locally, ultimately to help build a wider sense of belonging in the area.

The vision provides the organisation with a sense of purpose and direction, while helping to create a sense of commonality and coherence to services and activities. The development of the vision also enabled the City to generate a clear organisational purpose.

OUR STRATEGIC GOALS

The City has seven strategic goals that were developed in conjunction with the community through extensive stakeholder engagement.

These strategic goals represent a clear future direction for the City over the lifetime of the City’s Strategic Community Plan 2021-2031 and incorporate the aspirations of the community.

The seven strategic goals are supported by 33 strategic priorities that provide operational direction for the City’s administration to focus resources. An in-depth description of these priorities can be found in the Strategic Community Plan 2021-2031. The City’s seven strategic goals are:

GOAL 1:
An inclusive and accessible City with places and spaces that embrace all.

GOAL 2:
A City with rich cultural histories, where people can visit and enjoy unique experiences.

GOAL 3:
A vibrant, innovative City with local opportunities for work, business and investment.

GOAL 4:
A sustainable City that balances the relationship between urban growth and the environment.

GOAL 5:
A well-planned, safe and resilient City that is easy to travel around and provides a connection between people and places.

GOAL 6:
A future focused City that advocates, engages and partners to progress the priorities of the community.

GOAL 7:
A well-governed and managed City that makes informed decisions, provides strong community leadership and valued customer focused services.

Our Organisation

OUR PURPOSE

To create a strong community with local opportunities to participate, be active, feel secure, contribute and belong.

The City’s organisational purpose articulates why we do what we do, why we exist and what our cause is. This purpose statement provides a clear message about the expectations the City has in working towards achieving the vision for the future.

The organisational purpose helps to unify our employees and assist them in understanding the City’s organisational direction.

OUR VALUES

The values provide a foundation for the City, which distinguish us and guide our actions to deliver results.

Our values guide our behaviours and provide the boundaries within which our interactions with stakeholders and customers occur.

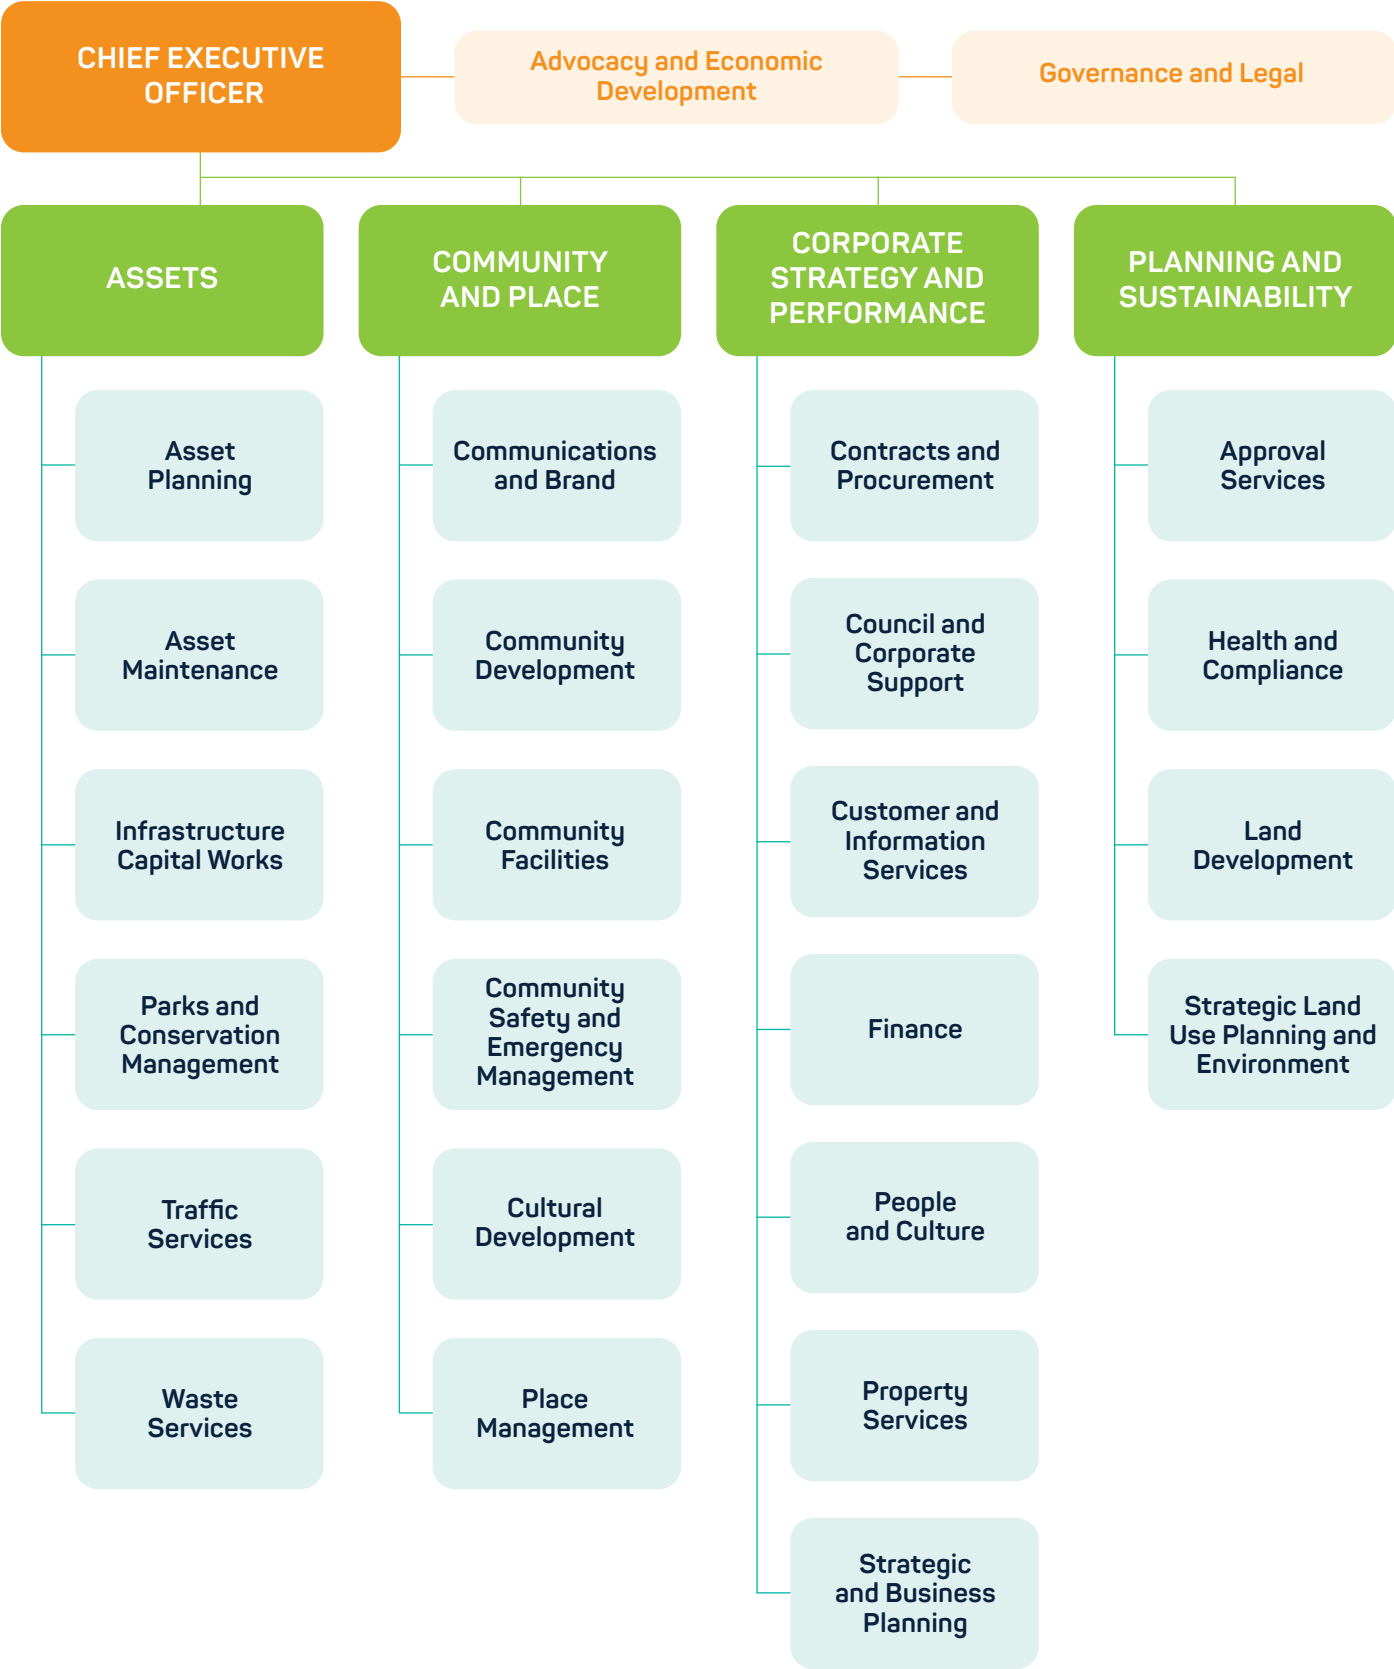

Values are linked to our vision, culture and strategy. The values define our organisation to employees, stakeholders and customers, and remind staff of the preferred way of achieving our desired outcomes.

CUSTOMER FOCUSED	Delivering service excellence
IMPROVEMENT	Finding simpler, smarter and better ways of working
ACCOUNTABILITY	Accepting responsibility and meeting commitments, on-time and to standards
COLLABORATION	Together we are stronger
RESPECT	Trusting others and being trustworthy

OUR STRUCTURE

The City of Wanneroo’s organisational structure is made up of the Office of the CEO and four directorates with 25 service units that focus on key areas of the business.

The City’s structure is a key factor in achieving our strategic goals and priorities, while also assisting with organisational culture, values and contributes to the overall success of the City.

OUR EXECUTIVE LEADERSHIP TEAM

The leaders of each directorate make up the Executive Leadership Team, led by the Chief Executive Officer, Daniel Simms.

The City’s Executive Leadership Team and their responsibilities are shown below.

CHIEF EXECUTIVE OFFICER - DANIEL SIMMS

As well as being responsible for the day-to-day management of the City’s operations, the CEO is responsible for:

- Advocacy and Economic Development
- Governance and Legal

DIRECTOR ASSETS – HARMINDER SINGH

- Asset Maintenance
- Asset Planning
- Infrastructure Capital Works
- Parks and Conservation Management

- Customer and Information Services
- Finance
- People and Culture
- Property Services
- Strategic and Business Planning

DIRECTOR PLANNING AND SUSTAINABILITY – MARK DICKSON

- Approval Services
- Health and Compliance
- Land Development
- Strategic Land Use Planning and Environment

OUR BUSINESS PRINCIPLES

The City has four key principles, identified by key stakeholders through the development of the Strategic Community Plan 2021-2031, and serving as the foundation for our operational delivery.

Consideration of these principles is at the forefront of all our operational planning and budgeting in order to maximise the effectiveness and efficiency of the organisation and the services we provide.

These four principles are fundamental to the success of the City in the future, and will continue to be at the forefront of decision-making.

PRINCIPLE 1 – SUSTAINABILITY

The City achieves sustainability by balancing performance and contribution to social, economic, environmental and governance outcomes for the community.

PRINCIPLE 2 – VALUE FOR MONEY

The City will strive to achieve ‘value for money’ for our stakeholders through the effective, efficient and equitable use of public funds to create and maximise community value.

PRINCIPLE 3 – USE OF TECHNOLOGY FOR IMPROVEMENT

The City will appropriately plan for, and utilise modern technologies to provide for the more efficient delivery of services and to provide improved community outcomes.

PRINCIPLE 4 – DIVERSE, ENGAGED, SAFE AND CAPABLE WORKFORCE

The City will continue to effectively lead, and build, a high performing and engaged workforce, by strengthening the diversity, capability and agility of our people, to deliver organisational objectives for improved community outcomes.

OUR INTEGRATED PLANNING FRAMEWORK

The City’s Integrated Planning and Reporting Framework (IPRF) guides our planning processes to ensure clear alignment to, and delivery on the aspirations and priorities identified by our community.

The City’s IPRF (basic model shown in Figure 1) is also aligned to legislative requirements for local governments in Western Australia as per the Local Government (Administration) Regulations 1996.

Figure 1 - Integrated Planning and Reporting Framework (IPRF)

OUR KEY PLANNING DOCUMENTS

The City has three key planning levels within the integrated planning and reporting framework that provides the core for the planning that takes place within the organisation.

Two of the three levels are legislatively required as described in the Local Government (Administration) Regulations 1996.

The following describes the plans that sit within the three levels of planning and their roles within the organisation.

STRATEGIC COMMUNITY PLAN (LEVEL 1)

The Strategic Community Plan is a legislated ten-year plan, also known as the City’s ‘Plan for the Future’.

This plan is the Council’s key strategic document that represents the community’s long-term vision, goals and priorities, and undergoes a major review every four years incorporating community and stakeholder consultation and engagement.

The SCP 2021-2031 can be found on the City website at wanneroo.wa.gov.au

CORPORATE BUSINESS PLAN (LEVEL 2)

The Corporate Business Plan (CBP) is also a legislated document and defines four years of priorities, services, projects and programs that the City will implement in order to realise the goals of the City’s Strategic Community Plan 2021-2031.

The CBP is supported by a number of resourcing plans to enable implementation and provide guidance for the organisation and transparency to both stakeholders and the community.

Previous versions of the CBP can be found on the City website at wanneroo.wa.gov.au

ANNUAL SERVICE PLANS (LEVEL 3)

The City also develops Annual Service Plans for each service unit within the organisation that also provides a clear link between service delivery and the annual budget.

The service plans provide in-depth planning for the implementation of year one of the Corporate Business Plan and details services, projects, allocation of FTE and finalised operational budgets. The service plans also provide clear accountabilities for delivery and flow through into employee performance and development reviews.

OUR RESOURCING PLANS

The City’s resourcing plans include financial and non-financial resources that are required over the life of the Corporate Business Plan.

Their purpose is to ensure that adequate resources are available to maintain services at levels that are established by the Council and to deliver on the priorities of the Corporate Business Plan.

The City of Wanneroo has developed the following resourcing plans to ensure the current and future sustainability of the organisation.

LONG TERM FINANCIAL PLAN

The 20-year Long Term Financial Plan (LTFP) has been developed as part of the City’s ongoing financial planning to ensure continued long-term financial sustainability, while providing sufficient funding for future workforce, services, and infrastructure to the community.

The LTFP is formally adopted by the Council and is reviewed annually giving consideration to prevailing economic circumstances and community expectations. The review of the LTFP may result in new priorities being added or planned projects being deferred or reassessed according to the priorities established each year.

Strategic financial parameters will also be reviewed and adjusted accordingly to reflect the most realistic current financial circumstances and outlook in any rating year and the impacts on the outer nineteen years.

The latest version of the Long Term Financial Plan can be found on the City website at wanneroo.wa.gov.au

ASSET MANAGEMENT PLANS

The City relies heavily on assets to deliver its services to the community. It is therefore necessary to plan for the effective and sustainable management of our assets to meet current and future community needs and to optimise return on investment.

Directed by an Asset Management Strategy, a number of Asset Management Plans define the levels of service and operational requirements for the various classes of assets.

They also highlight the processes used to manage the associated assets that services rely on, and consider how current and future services to the community will be sustainably provided at the most appropriate standard, time, place and cost.

The Asset Management Plans inform the 20-year long-term Capital Works Program.

WORKFORCE STRATEGY 2021-2031

The City’s Workforce Strategy 2021-2031 focuses on workforce requirements and strategies that enable the delivery of the Corporate Business Plan.

The plan considers current and future capability and capacity needs including the external environment, industry trends, global workforce trends and the WA labour market to ensure that the City has people with the right skills in the right roles delivering the right customer outcomes.

The Workforce Strategy 2021-2031 is part of a continuous process and workforce requirements are incorporated into the City’s Long Term Financial Plan.

OUR INFORMING PLANS AND STRATEGIES

The City of Wanneroo has a number of plans and strategies that inform decision-making and provide direction to the organisation.

These plans and strategies have been adopted by the Council to deal with specific issues that can assist both community and the organisation.

The adopted plans and strategies are shown within each relevant service area in the **Our priorities** section of the Corporate Business Plan.

There are a number of plans and strategies that have been developed since the publication of the previous Corporate Business Plan, here is an overview of the key developments and how they will assist the community and organisation into the future.

COMMUNITY DEVELOPMENT PLAN 2021/22-2025/26

The City’s new Community Development Plan provides a framework to support the creation of healthy, active, safe and connected communities.

Thriving communities foster belonging through strong social connections, support positive lifestyle choices for health and wellbeing, have equitable access to services and facilities, provide opportunities to learn, collaborate and build on strengths, and are welcoming and inclusive of all people.

The new Community Development Plan provides the vision, principles and focus areas for communities in the City of Wanneroo over the defined four year period; a roadmap to inform decision making about initiatives and actions that build and empower community; an integrated whole-of-community approach to focus areas, objectives and priorities; and a commitment and framework for measuring success.

The Community Development Plan 2021/22 – 2025/26 can be found on the City website at wanneroo.wa.gov.au

CUSTOMER FIRST STRATEGY 2021-2026

The updated Customer First Strategy continues the evolution of the City’s commitment to providing our customers with a high-quality experience when connecting with us with an aim to continue the maturity of our customer focus journey.

To continue to provide excellence in service delivery, the City of Wanneroo must continually review, refine and adapt what we do to keep up with the changing needs and expectations of our customers.

This strategy has evolved to meet the changing landscape of how our customers define good service and is a roadmap for how the City will work to improve the customer experience for all our customers across each area of our business.

The Customer First Strategy 2021-2026 can be found on the City website at wanneroo.wa.gov.au

SMART CITY STRATEGY

The City is embracing digital change and leveraging digital technology, data, and innovation to improve our ability to deliver community services and harness local opportunities.

Together with our community, the City has developed the Smart City Strategy to drive and direct activity across our broad and diverse region.

As our population grows, so do the needs, priorities and expectations of the community. We are putting our community at the centre of our smart city investment, building on the core priorities of the Strategic Community Plan 2021-2031 and existing strategic frameworks.

The Smart City Strategy can be found on the City website at wanneroo.wa.gov.au

PLACE MANAGEMENT

The City has an established Place Framework which forms part of the City's Integrated Planning and Reporting Framework.

The framework informs future policy work, strategic planning and provides general guidance on the City's Place Approach.

The City has seven Place Management areas that act as focal points for deployment of the City's Place Approach. This allows the City to develop a distinctive vision for each area and recognise the communities of interest.

These Place Management areas have been identified as part of the City's Land Use Vision 2008-2030 which takes into consideration key factors of land use planning and development goals for the City.

The seven Place Management areas and the suburbs they cover are as follows:

TRANSITIONAL COASTAL

Yanchep, Two Rocks, Jindowie, Capricorn, Yanchep Golf Course Estate, Vertex, The Reef, and Atlantis.

EMERGING COASTAL

Alkimos, Eglinton.

ESTABLISHED CENTRAL

Ashby, Banksia Grove, Carramar, Sinagra, Tapping and parts of Wanneroo, Hocking and Pearsall.

ESTABLISHED COASTAL

Butler, Clarkson, Jindalee, Merriwa, Mindarie, Quinns Rocks and Ridgewood.

NORTH EAST RURAL

Carabooda, Nowergup, Neerabup and Pinjar.

TRANSITIONAL RURAL

Gnangara, Jandabup, Mariginiup and parts of Wanneroo.

ESTABLISHED SOUTHERN

Alexander Heights, Darch, Girrawheen, Koondoola, Landsdale, Madeley and Marangaroo.

LOCAL AREA PLANNING

The local area planning process allows the City to communicate with residents about what is planned, committed and budgeted for, and allows the community an opportunity to see what the City is prioritising in a local area.

Local area planning provides important information and data that is considered as part of the City's integrated planning model.

The local area planning process includes engaging with the local community on their key issues and priorities; and considers other community insights gathered through various engagement methods.

In addition, it sets out the City's approach and objectives for future planning and includes a broad framework to pursue those objectives. The City currently has three active Local Area Plans:

GIRRAWHEEN / KOONDoola

The Girrawheen Koondoola local area comprises approximately 780 hectares of land, approximately 11km from the Perth Central Business District.

Girrawheen and Koondoola were established in the 1970's with a residential focus, featuring large areas of public open space. The area has been identified for infill development, due to being close to public transport and has a number of established activity centres.

Girrawheen / Koondoola Local Area Priorities	
Priority	Planned Actions
Parks and Trees	The City has a four-year program of improvements to public spaces and parks.
Safety	Federal funding has been awarded through the 'Safer Communities' program for installation of equipment, hard infrastructure and programming initiatives.
Shopping Centres and Local Business	The City intends to hold a facilitated workshop with the four shopping centres to explore opportunities for urban regeneration and increased amenity.
Sense of Community Connection	City staff coordinate a range of community development programs in the area to support cohesive communities, and facilitates networks including the Multicultural Action Group.
Landscape and Maintenance	The City has an annual plan that commits resources to landscaping, waste management and maintenance of buildings.
Traffic and Connections	The City has a four-year program of improvements to roads and the City will continue to work with Department of Transport on applying 'Safe and Active Streets' approach to pedestrian and cycle networks.
Location	The City is committed to supporting sustainable property and economic development that capitalises on the central location of the area.
Facilities and Library	The importance of built facilities to the community has been acknowledged by the City and the Girrawheen Hub Masterplan is now underway.

YANCHEP / TWO ROCKS

The Yanchep Two Rocks local area comprises approximately 7,550 hectares of land within the northernmost extent of the Perth Metropolitan Region, approximately 60km from the Perth Central Business District. It is almost all identified by the State Government for future urban development.

Development in Two Rocks and Yanchep will be supported by a range of services and infrastructure including the METRONET Yanchep rail line extension and station and, in time, the extended Mitchell Freeway. The Yanchep City Centre is expected to become the City of Wanneroo’s largest centre and offer a range of retail, housing, employment, health, education, recreation and leisure opportunities.

Yanchep / Two Rocks Local Area Priorities	
Priority	Planned Actions
Jobs, Business, Tourism and Economy	The City will continue to provide support for the creation of local businesses and employment opportunities.
Connectedness and Lifestyle	The Action Plan details a four-year program of improvements under the ‘Capital Works Program’ in the Action Plan section for details. The Mitchell Freeway North extension and METRONET are State Government projects with the dualling of Marmion Avenue from Butler to Yanchep being funded by the State Government but undertaken by the City. The City will continue to advocate for major transport projects to improve access to Yanchep and Two Rocks. The City’s Wanneroo Cycle Plan details future links to the area including the National Park and secondary links in Two Rocks.
City Facilities	The Alkimos Aquatic and Recreation Centre is currently in detailed design phase following community feedback on the concept plan.
Coast and Environment	Council has endorsed the Coastal Management Plan (Part 2) to identify preferred locations of future beach access points and parking.
Parks, Verges and Gardens	The City has a four-year capital works plan for the upkeep and provision of parks, verges and gardens in the region.
Yanchep Lagoon	Council adopted the Yanchep Lagoon Master Plan in August 2019, and commenced implementation. Initial actions from the plan include the priority development of the old surf club site, preparation of a Foreshore Management Plan, and establishment of a community working group to look at early activation.

WANNEROO

The Wanneroo Local Area comprises approximately 660 hectares of land, approximately 22km from the Perth Central Business District. It contains the Wanneroo Town Centre which is strategically located across Lake Joondalup from the Joondalup City Centre.

The Town Centre was established in the early 1900’s as a focus for surrounding rural land. The first residential estate was developed in 1970 and was located between Church Street, Scenic Drive and Wanneroo Road. Rapid urbanisation has occurred since this time, with many of the market gardens moving from adjacent to Lake Joondalup to further north and east of the Town Centre.

Wanneroo Local Area Priorities	
Priority	Planned Actions
Sustainability, Parks and Trees	The City will continue to improve amenity at local parks, in addition to undertaking tree planting programs and environmental remediation at Lake Joondalup. This will be carried out through the City’s shared responsibility for Yellagonga Integrated Catchment Plan with City of Joondalup, Department of Biodiversity, Conservation and Attractions, and other key stakeholders. Interpretive panels that acknowledge and provide information on the Aboriginal Six Seasons have recently been installed in Rotary Park to complement local history.
Facilities and Attractions	The Wanneroo Youth Precinct Master Plan is currently underway, which investigate what upgrades will be required to ensure the precinct appropriately meets the needs of the users and the local youth community. Amenity upgrades at Aquamation have been programmed, as well as support for exhibitions at the Wanneroo Regional Museum.
Community and Cultural Connections	A wide range of services, programs and exhibitions are offered at the Wanneroo Library and Cultural Centre to support the cultural vibrancy and social connection of the City. City staff support a range of targeted community development and capacity building programs.
Transport and Connections	Connection from Lake Joondalup to the Wanneroo Town Centre will be strengthened through a planned upgrade to the Church Street Shared Pedestrian / Cycle path. Better pedestrian access, accessibility and wayfinding within the Town Centre and local area will be investigated as part of the planned Wanneroo Town Centre Urban Design Analysis and Streetscape Program. A program for ongoing improvements to street lighting and intersections will be undertaken, particularly focused on the Town Centre. The City will continue to advocate to relevant government departments for public transport solutions and road improvements that support pedestrian safety and amenity. The City will continue to liaise with St Anthony’s Primary School on traffic and parking issues.
Shops and Small Business	The City’s Economic Development Strategy provides direction for measures and proactive initiatives that support local business and employment opportunities. A focus on Wanneroo Town centre amenity and activation by local business will provide additional support including the provision of a Town Centre revitalisation workshop.
Events and Activities	Alongside its provision of high quality cultural facilities, the City has identified the need for an investigation into the performing arts provision. The City’s community events program was restructured to provide smaller localised events and encourage development of community-led activations. These will in turn be supported by targeted promotion and advertising for local events and activities thorough the City’s planned new Community Directory.

Wanneroo Local Area Priorities	
Priority	Planned Actions
Feel and Ambience	The City is currently undertaking a range of planning strategies, including a comprehensive Local Planning Strategy to inform a new planning scheme that will address aspects of development. As well as additional community consultation targeted towards these strategies, comments gathered during development of the Wanneroo Local Area Plan will be included. The City is committed to supporting sustainable property and economic development that capitalises on the central location of the area.
Town Centre	Building on the Wanneroo Town Centre Activity Structure Plan, the City will continue to engage and collaborate with the key stakeholders to plan a coordinated and holistic public realm.
Safety and Image	The City has an annual plan that commits resources to landscaping, waste management and maintenance of buildings.

Our Priorities 2022/23

The City has a range of priorities to be actioned in the 2022/23 financial year.

These priorities represent a diverse mix of projects and initiatives from both capital and operational budgets. The Corporate Business Plan 2022/23-2025/26 provides operational delivery detail specifically linked to the seven strategic goals as defined in the Strategic Community Plan 2021-31.

The following provides a useful reference when linking projects and programs to the City's Strategic Community Plan:

Our seven strategic goals

GOAL 1:
An inclusive and accessible City with places and spaces that embrace all

GOAL 2:
A City with rich cultural histories, where people can visit and enjoy unique experiences

GOAL 3:
A vibrant, innovative City with local opportunities for work, business and investment

GOAL 4:
A sustainable City that balances the relationship between urban growth and the environment

GOAL 5:
A well-planned, safe and resilient City that is easy to travel around and provides a connection between people and places

GOAL 6:
A future-focused City that advocates, engages and partners to progress the priorities of the community

GOAL 7:
A well-governed and managed City that makes informed decisions, provides strong community leadership and valued customer focused services

CAPITAL WORKS PROGRAM

The City intends to deliver a Capital Works Program over the next four years to benefit the health and wellbeing of our community, our local and regional economy, and natural and built environment.

The Capital Works Program is developed to provide adequate new infrastructure for emerging communities and to maintain and renew existing infrastructure. The forecast spend on capital works sub-programs for the next four years is detailed below:

SCP	SUB PROGRAM	2022/23 (\$)	2023/24 (\$)	2024/25 (\$)	2025/26 (\$)
	Golf Courses	220,000	420,000	470,000	920,000

KEY PROJECTS SNAPSHOT

The following shows a snapshot of the key projects being delivered by the City in 2022/23 under each of the seven strategic goals in our Strategic Community Plan 2021-2031.

GOAL 1: An inclusive and accessible City with places and spaces that embrace all.

- Alkimos Aquatic and Recreation Centre (Design)
- Community Facility Provision Framework (Review)
- Alkimos Regional Open Space Facility Planning (Progress Needs Assessment)
- Wanneroo Recreation Centre Precinct Masterplan (Design)
- Active Reserves Masterplan (Review)
- Heath Park Pavilion (Design and Construction)
- Halesworth Park Sports Facilities (Design and Construction)
- Kingsway Regional Sporting Complex Floodlights (Upgrade)
- Golf Courses Strategic Plan (Progress Private Treaty Negotiations)
- Place Strategy (Finalise)
- Community Events Program (Deliver)
- Yanchep Lagoon Masterplan (Prepare Foreshore Management Plan)
- Noongar Naming Project (Develop)
- Volunteering Program (Implement Changes)
- Clarkson Youth Centre (Upgrade)
- Landsdale Library and Youth Innovation Hub (Design and Construction)
- Digital Literacy Program (Deliver)

GOAL 2: A City with rich cultural histories, where people can visit and enjoy unique experiences.

- Cultural Development Plan (Finalise)
- Museums and Heritage Program (Deliver)
- Arts and Exhibition Experiences (Promotion)
- Tourism Industry Support and Development (Implement Priority Actions)
- Quinns Rocks Caravan Park (Progress Private Treaty Negotiations)
- Redevelopment of Old Yanchep Surf Club Site (Finalise Agreement for Lease and Ground Lease)

GOAL 3: A vibrant, innovative City with local opportunities for work, business and investment.

- Business Support and Engagement (Implement Small Business Friendly Approvals Action Plan)
- Investment Attraction (Undertake Activities)
- Planning for the Future of Business (Investigate Expansion of Agri-Business Land Use in North Wanneroo)
- Business Leadership (Undertake Feasibility Study for Neerabup Waste Innovation Precinct)
- Neerabup Industrial Area (Development of City's Landholdings)

GOAL 4:
A sustainable City that balances the relationship between urban growth and the environment.

- Urban Forest Strategy (Finalise Strategy)
- Environmental Management System (Finalise EMS Architecture)
- Coastal Management Plan (Implement Actions)
- Waste Services Review (Implementation of Review)

GOAL 5:
A well-planned, safe and resilient City that is easy to travel around and provides a connection between people and places

- Splendid Park Cycling Track (Construction)
- CCTV and Community Safety Initiatives (CCTV Network Integration)
- Animal Care Centre (Design)
- Bush Fire Risk Management Plan (Implement)
- Wanneroo Emergency Services Hub (Design)
- Two Rocks Emergency Services Hub (Secure Land and Design)
- Mindarie Breakwater Management (Undertake Works)
- Local Planning Strategy (Prepare Draft Strategy)
- Local Planning Scheme No.3 (Prepare Local Planning Scheme)
- Active Transport and Cycle Plan (Undertake Priorities)
- Transport Plan Development (Develop)
- Smart City Development Opportunities (Implement Developer Guidelines)
- Alexander Drive Shared Pathway, Landsdale (Construction)
- Flynn Drive Upgrade, Neerabup (Construction)
- Two Rocks Road Street Lighting (Provide New Lighting)

GOAL 6:
A future focused City that advocates, engages and partners to progress the priorities of the community.

- Wanneroo Raceway Masterplan (Stakeholder Engagement)
- Community Engagement Framework (Develop Tools and Approaches)
- Social Needs Advocacy (Advocate for Funding)
- Local Connectedness through Libraries (Stakeholder Engagement)
- Strategic Economic Advocacy (Advocate for Funding)

GOAL 7:
A well-governed and managed City that makes informed decisions, provides strong community leadership and valued customer focused services.

- Strategic Workforce and People Planning (Implement)
- Asset Management Strategy (Undertake Key Actions)
- Quality Management System (Implement)
- Responding and adapting to Local Government Reform (Develop Approaches)
- Work Health and Safety Legislation (Develop and Implement)
- Social and Sustainable Procurement (Undertake Review)
- Asset Management System (AMIS) (Provide Organisational Support and Business Improvement)
- Customer Relationship Management System (CRM) (Progress Proof of Concept)
- Property and Rating System (Delivery of System)
- Data Management Framework (Formal Launch and Delivery of Actions)
- ICT Strategy and Roadmap (Develop)
- Smart City Strategy (Formal Launch and Delivery of Actions)
- Property Based Income Streams (Monitor Disposal, Acquisition and Development Opportunities in relation to the Strategic Land Policy)
- Long Term Financial Plan (Review)
- Communications and Brand Strategy (Review)
- Strategic Performance Framework and Reporting (Undertake Review of KPIs)

Our Performance

The City of Wanneroo has robust performance reporting processes to ensure transparency and accountability on the progress of our priorities and plans.

The table below shows how we report against each of our major plans and programs:

PLANS			REPORTING	
Plan	Duration	Review	Report	Audience
Strategic Community Plan	10 years	Major review every four years	Annual	Council / Community
		Minor review every two years		
Corporate Business Plan	4 years	Annually	Quarterly	Audit and Risk Committee
			Mid-Year	Council / Community
			Annual	Council / Community
Annual Budget	1 year	Annually	Monthly	Council
			Quarterly	Audit and Risk Committee
Capital Works Program	20 years	Annually	Quarterly	Audit and Risk Committee
			Mid-Year	Council / Community
			Annual	Council / Community

The City also has a variety of performance measures performance for monitoring operational delivery and to ensure we are meeting our legislative requirements.

The following performance measures are tracked at a corporate level:

SCP GOAL	PERFORMANCE MEASURE
	<ul style="list-style-type: none">• Accessibility of public places and spaces• Levels of participation in programs and services• Community volunteering participation rates• Parks and reserves maintenance and usage
	<ul style="list-style-type: none">• Attendance and visitation rates at historic sites• Participation rates in cultural activities• Usage rates of community hubs and libraries• Tourism profile promotion
	<ul style="list-style-type: none">• Participation rates in local training, events, workshops and networking• Efficient approval processes for local businesses• Planning and infrastructure support for employment land
	<ul style="list-style-type: none">• Waste diverted from landfill• Increase in vegetation canopy• Energy and fleet use emissions reduction• Responsible water use• Efficient planning and building approvals processes
	<ul style="list-style-type: none">• Achievement of public health targets• Accessibility of street design and public transport infrastructure• Improved transport connections through implementation of New Pathways program• Community preparedness for emergencies
	<ul style="list-style-type: none">• Engagement participation rates• Advocacy results
	<ul style="list-style-type: none">• Prompt resolution of customer requests and enquiries• Achieving customer service commitments• Expenditure maintained within budget parameters• Responsible asset reserve balances• Safe working practices for employees• External audit findings

Our Risk Management

Risk is managed in accordance with the appetite for risk, as determined by the Council.

To ensure robust risk management at all levels of planning and decision-making, risks are assessed at the strategic, corporate, operational and project levels.

These risks are regularly reviewed, monitored and where appropriate, reported to the Audit and Risk Committee and Executive Leadership Team in line with the Risk Management Framework.

This ensures that adequate progress is made to address the prioritised risks, and that the management systems and controls in place for risk management are effective.

Successful delivery of this Corporate Business Plan relies on having a good understanding of our operating context, and establishing and maintaining strong relationships with our stakeholders.

OUR STAKEHOLDERS

Stakeholders have varying levels of interest, and can impact in different ways on how we operate.

The City of Wanneroo continues to establish new and improve existing relationships with key stakeholders to maximise the outcomes associated with delivery of services and projects for our community. This is achieved by working collaboratively with all of our stakeholders.

The following listing provides an insight into some of our key stakeholders:
