Election Type	Extraordinary

WILKINSON, Scott

Hey I'm Scott Wilkinson I'm 34 years old husband, father of 3 ex ADF aviation fire fighter. I served nearly 5 years, 2 deployments with some of the best service people Australia has seen. After my time in ADF in transitioned to being a school teacher in China. I taught all levels of English for many years working with international English colleges and private schools. I'm running for mayor because I believe the people need a person who will fight for them and what they want. If elected I will hold shires to account and stop the wasting of money so we can have less bills and more money for family's at home. If you come to me I will not turn you away I will help to the best of my ability until I have exhausted all avenues and fight for your requests. All I ask is you stand with me.
