BERRY, Helen

I am a current Councillor, qualified accountant, AICD graduate and CEO of two community organisations. I bring essential financial, governance and management skills to council.

I am very aware COVID has placed additional challenges on many and the rising costs of living are now adding further pressures for all. I work to represent you fairly, demonstrating accountability, transparency, sustainability, and integrity.

I strongly support local employment opportunities, inclusive age and ability friendly facilities and community safety.

I have competent leadership, stakeholder engagement and negotiation skills, crucial for the mayoral role. I am environmentally friendly, politically neutral, approachable and respectful in my engagement. I promise to work diligently for you and all in Wanneroo.
