---

## ROWE, James

I have been a strong local voice on Council, fighting for a fresh approach that puts our community first.

As your full-time Mayor, I will lead with integrity and respect. I have experience where it counts – staying active all year round, not just at campaign time.

My priorities include: safe and accessible parks for families, more activities for seniors, strong action on climate, cutting red tape for local businesses, and improving community safety through CCTV and regular ranger patrols.

Our community is incredibly diverse. We have a responsibility to support growing suburbs in the north, protect the coastline, upgrade ageing infrastructure in the south, and champion our growers and industries.

My commitment to you can't be summed up in a few sentences. Reach out to find out more.
