CLEARY, Charlotte

As a long-term resident, raising a young family in the area, I'm focused on prudent and proper allocation of ratepayer funds.

With a background in finance and business management I have a strong understanding of funds management and business processes.

As an avid community volunteer, having maintained roles on multiple non-profit organisations, often engaging in fundraising, I've had considerable exposure to the CoW policies.

Some of my goals as your Mayor would include:

- Strengthen the community's safe, family friendly atmosphere
- Develop a community mental health centre
- Ensure accountability in infrastructure project timelines
- Enhance community facilities (i.e. parks, libraries, community centres) to improve inclusivity
