We are going to the
Wanneroo Festival!

We are going to the Wanneroo Festival

A festival is a place where people can go to eat food, watch live music and go on free rides.
Festivals can be really fun!

There will be parking or a bus stop nearby.

This map shows all the important places I can visit at the festival.

If I need assistance there is an information desk, as well as volunteers and staff to help.

Sometimes festivals can feel really noisy and crowded. I can tell my family or carer if I feel scared or overwhelmed.

If I need a break from the noise and crowd, there will be a quiet place I can go to.

Sometimes I may need to wait to get food, go to the toilet or go on a ride.

At the festival, I may see entertainers dressed up in costumes.

At the end of the festival, there will be a light show and loud music playing.

After the light show, it will be time to leave and go home.
