

The following notes relate to the Structure Plan:

- The final locations and configurations of the government school sites depicted on this Structure Plan will occur at the local structure planning stage through landowner consultation with the Department of Education and Training, the City of Wanneroo and the Department of Planning. Locations depicted are notional and approximate to reflect catchment requirements.
- The coastal setbacks, including any proposed reduction in coastal setback for the coastal activity nodes are to be consistent with State Planning Policy No. 2.6, State Coastal Policy.
- Final location of railway stations and associated pedestrian and vehicular crossings will need to be determined to the satisfaction of the Public Transport Authority, in consultation with the City of Wanneroo and the WAPC.
- The north-south road on the western side of the WWTP which transveres the 'Parks and Recreation' reserve is supported in principle and is subject to further approval from the Environmental Protection Authority.
- Retail floorspace allocation for the proposed activity centres as outline in the Structure Plan has not been assessed in terms of its impact upon other proposed and existing centres. Accordingly, the activity centres are notional and will require compliance with any approved State Planning Policy relating to Activity Centres.
- Areas identified as being of National Environmental Significance under the Environmental Protection and Biodiversity Conservation Act 1999 may be subject to assessment by the Federal Department of the Environment, Water, Heritage and the Arts. The outcome of any such assessment may require modification to the DSP.
- District Open Space identified within the Structure Plan does not form part of the public open space allocation.
- Local Open Space will be determined at the time of Local Structure Plan preparation in consultation with the City of Wanneroo and the WAPC. Detail in relation to drainage credits will be assessed at the Local Structure Planning stage, and will need to be consistent with Liveable Neighbourhoods and WAPC Policy DC 2.3 'Public Open Space in Residential Areas'.
- Activity Centres will be subject to further structure planning, to ensure there is a mix of retail, residential, community and service provision meeting main street design objectives.
- Subdivision and/or development within the DSP is required to contribute to infrastructure items as identified in the Developer Contribution Plan to be approved by the City of Wanneroo.
- The Structure Plan is subject to Environmental Conditions, Statement No. 722.
- Final servicing requirements will need to be accommodated within the Structure Plan, and will be determined at the Local Structure Planning Stage.
- This DSP is subject to monitoring and review commencing in 2017.
- An easement of up to 32m may be required for the proposed 132kv overhead transmission line. This may have implications on adjacent land uses. Final width of the easement to be determined at LSP stage.

LEGEND

- DISTRICT STRUCTURE PLAN BOUNDARY
- LOCAL GOVERNMENT BOUNDARY
- URBAN
- FUTURE POTENTIAL URBAN
- REGIONAL OPEN SPACE
- CONSERVATION
- PUBLIC PURPOSES / COMMUNITY FACILITIES
- HS HIGH SCHOOL
