---

## **SMITH, Bronwyn**

I am a local resident and a local high school teacher. I am 35 years old, proactive and respectfully address problems head on. I believe living my life in the service of others, gives my life its greatest purpose. My priorities for the local area include: more security patrols and CCTV to improve community safety, working with local members to address water quality concerns, ensuring efficient use of rate-payers taxes, advocating for housing support, youth hubs and social services in our growing northern suburbs, supporting sustainable living and recycling initiatives, reducing red tape for local businesses and advocating for fair and responsible rates. I have learnt to be a strong advocate for myself, now I would like to advocate on behalf of my community. I would love to hear from you.
