

Ziggi Murphy

I now live in Wanneroo; I am a wife and mother of three wonderful children. I have spent my life working in healthcare advocating for people. Now I want to advocate for you as councillor. I am passionate about where I live and how it looks. I want to see the South wards suburbs looking fabulous and our local amenities getting the attention they need to improve the lives of the residents and ratepayers of south ward. I will bring honesty and transparency. One promise I can make is I will work for you and represent you. I have been involved in my previous local government, attending council meetings every month, organising petitions, and even organised two protest marches to the council chambers, In the hope of trying to stop bad infill in the suburbs and encouraging the council to do better consultation. You won't be seeing signs of me everywhere; elections shouldn't be based on how much money you have to promote yourself. I personally don't like littering the suburbs with election signs. Or inundating our letter boxes with leaflets which statistically we know most of them end up in the bin. I don't want to play that game; I do want to see change and I hope you do as well. My fellow residents and ratepayers of Wanneroo ask yourself 'can we do better?' and if the answer is 'yes' then I humbly ask that you place a number 1 next to Ziggi Murphy , together we have the power to make a difference.
