It's time for change, a vote isn't just a piece of paper, it's YOUR way of saying I want what is best for me and my city. I am passionate about my community, my priority is making Wanneroo a better place to live, do business, work, and play. We are experiencing a cost-of-living crisis and it is time to get back to basics and start saving ratepayers money. We need our suburbs taken care of, our roads repaired, and our rubbish disposed of. I am asking you to vote for me for the future of the city. There is no doubt that I will represent and advocate for you. As a nurse I have always advocated for people. I will bring honesty and transparency. I am a wife and mother who has previously fought for better decisions for the people. Now it is time for me to act from inside. The community spirit is waning. What is the plan? Small business investment, community representation, CBD growth, natural protections, and liveable planning for future generations. Be part of the change you want to see.
