

Candidate Details

Ballot paper name	NEWTON, Dot
Candidate name	Dorothy May NEWTON
District	City of Wanneroo
Nominating for	Mayor for City of Wanneroo
Election type	Ordinary
Enrolment status	NEWTON, Dot is eligible to stand for election as a resident of the City of Wanneroo.

I am seeking your vote to become your new Mayor, I am independent and have the experience as a past Councillor Most importantly I will devote the time the position deserves which is as a full time Mayor. I cannot promise there will be no rate increases however with careful budgeting and grants they can be kept to an absolute minimum.

I love our City with its Bushland, lakes and stunning coastline it affords diverse residential and business opportunities making it a great place to settle. If I am elected I will advocate to increase local employment with the improved transport links this should be achievable. I know I can liaise with both State & Federal on your behalf.

Since moving to Wanneroo from England with our family several decades ago. I am actively involved in many community groups as well as participating in the JP signing rooms. A Mayor needs to support all age groups in our City. I will.

On the ballot paper please put a tick next to Newton, Dot leaving the rest blank

Thank you
