My name is Virendra, I am a local parent in Darch, a volunteer and community advocate. I served as Justice of the Peace and members for the various not-for-profit organisations including ECCWA. Volunteers make our community strong, successful and a great place to live.

I have managed a business with annual budgets, so I would be financially responsible, working to deliver value

for ratepayers. I hope to earn the privilege of your trust and commit to being your voice on council. I am only running for the south-west ward and my ambition is to serve this community.

Key priorities for our community are; *\* Delivering the library and youth innovation hub \* Increasing events and activities for seniors \* Improve sporting facilities for local sporting clubs \* Working to support multicultural communities \* Safe roads, CCTV and a strong focus on community safety*
