

## Your Candidate for the North-East Ward.

Hi, my name is **Glynis Parker**. As a local resident for 22 years, and your Councillor for 8 years, I have the knowledge and experience needed, to ensure our city continues to flourish. As a full time Councillor, serving on numerous **Community Groups** and **Committees**, has ensured I have an excellent understanding of the needs and concerns of residents.

As the **largest, fastest** growing Local Government in Western Australia, the challenges facing a Councillor cannot be understated.

I know that the **security** of residents in our area, is a growing concern. I will continue addressing this, by **ensuring** funding of fixed CCTV cameras, and **support the initiative** to assist homes installing CCTV cameras linked to WAPOL.

If elected, I will **prioritise** and **ensure**, the **support** of groups who deal with mental health, family violence and homelessness.

**Sporting clubs** in our area, are bursting at the seams. I cannot wait to see Little Athletics, and other clubs, moving to the long awaited **Halesworth Park in Butler**. Urgent upgrades to older facilities, encouraging and supporting **female participation**, must be undertaken, and **strong advocacy** to all levels of government needs to take place.

When I started on Council in 2014, a **swimming pool** in the Northern suburbs, was one of my priorities. To now have the **Alkimos Aquatic Centre** coming to fruition, is a dream come true.

**Creating local jobs** remains a priority of mine. The opening up of the **Neerabup industrial area** is creating huge opportunities, and the **Cities Economic and Business development strategy**, supported by myself, is gaining momentum. Promoting the city as **visionary and welcoming** to industry, and business, is vital.

**Environmental** issues are huge. Ensuring sustainable solutions, and the **retention** and **replenishment** of the Urban Forest, throughout the city, is not negotiable.

**It will be my honour and privilege to represent you, and if you choose to, I assure you of my honesty and integrity.**
