

Our City needs & deserves the best leadership – a strong, caring & listening Mayor.

Elected in 2013, I have strong & proven leadership qualities:

- **VOTED 2 years in a row AGAINST any rate increase** during the COVID-19 Pandemic;
- **STOOD WITH** the community throughout the Pandemic by keeping residents informed;
- **PROMOTED** a stronger community through initiatives such as personal Christmas Lights display to raise money for Perth Children’s Hospital, bringing food trucks & Swapmarts to Wanneroo;
- **ADVOCATED** for better education & health, family-friendly infrastructure (safer roads, footpaths & playgrounds).

I was always available & went above and beyond to help our residents. After a short break, I’m back more energised and more enthusiastic than ever.

As your Mayor, I’m ready to lead our community to a strong and prosperous future with a **6-POINT 'COMMUNITY FIRST' PLAN**:

1. EASE COST OF LIVING PRESSURES – keeping rates low to help struggling families.

As a gesture of unity & solidarity with our community, if elected **I PLEDGE TO FOREGO THE USE OF THE MAYORAL CAR, FUEL & WARDROBE ALLOWANCES.**

2. PROMOTE HONESTY, INTEGRITY & TRANSPARENCY – using extensive experience as Senior Lawyer at WA’s peak anti-Corruption agency to ensure our City is governed honestly and transparently.
3. RESPONSIBLE FINANCIAL MANAGEMENT – Review tendering process, expenditures & services to find efficiencies & savings.
4. PROMOTE DIRECT INVESTMENT & TRADE – encourage local & overseas direct investment to create local jobs. Promote & support local businesses (e.g farms, hi-tech manufacturing) to find new international opportunities & markets.
5. PROTECT OUR ENVIRONMENT – protect existing bushland & promote tree planting, renewable energy generation & sustainable hi-tech manufacturing.
6. BUILD STRONGER COMMUNITIES – lobby harder for State & Federal funding for more family-friendly space & facilities to build a safe, healthy & happy community.

**LET'S PUT OUR RESIDENTS & COMMUNITY FIRST!**
