## LET'S BRING HUGH BACK!

Our Community needs and deserves a strong, honest & effective Councillor.

Having served on Council for 8 years, I have a proven track record. As a caring Councillor, I am proud to have: **STOOD UP** and twice voted against rates increase during COVID-19; **FOUGHT** for better community infrastructure, health & education; **BUILT** a stronger community (Christmas lights display initiative to raise money for Perth Children's Hospital, brought food trucks & swapmarts to Wanneroo).

Always available, I go above & beyond to help our residents. After a short break, I'm now back more energised and enthusiastic than ever.

If re-elected, I will fight for: A new public High School in our Ward to meet our community's needs; Completion of the re-alignment of the Whitford Ave/Gnangara Rd to reduce travelling time; Lower rates to ease cost-of-living pressures on families.

I seek your support so I can once again work for the community we all care about. **LET'S PUT YOU & OUR COMMUNITY FIRST!**
