

Additional Information

It has been my great honour to serve as your local Councillor for Central Ward. Over the past four years, I have worked tirelessly to be a transparent, accountable, and active voice for our community.

I have a proven track record of delivering results. Together, we secured State Government funding for the vital East Road/Wanneroo Road intersection upgrade, delivered new and upgraded facilities at parks like Hinckley and Bembridge, and fought to save the Wanneroo BMX Club. I've also championed initiatives like Mobility Mapping to improve accessibility and progressed the new Wanneroo Sports and Community Hub, which will soon replace the old Recreation Centre.

My plan for the future is built on your feedback. It's a five-point plan focused on what matters:

Affordable Living: Keeping rates low and ensuring the Council spends your money wisely.

Safer Streets: Upgrading our CCTV network and implementing effective road safety measures to tackle crime and hooning.

Investing in Our Assets: Ensuring our roads, parks, and community facilities are clean, safe, and well-maintained.

Unlocking Youth Potential: Creating more opportunities and delivering modern facilities like the upgraded Wanneroo Youth Centre.

A Sustainable Future: Protecting our environment and increasing green spaces.

I am passionate about our community and dedicated to putting residents first. I am asking for your vote to continue this vital work. Let's keep listening, leading, and delivering for Wanneroo. Let's keep building a better community, together.
