I am a local dad with a simple goal: to help build a safer, stronger, and more connected community for our children and future generations. This passion drives my work at Perth Children's Hospital, where I lead projects that make healthcare safer and more accessible for families. It's also why I'm running for Council.

I volunteer on the City's Community Safety, RoadWise and Multicultural advisory groups, focusing on mobile CCTV in hotspots, tackling hooning and unsafe e-bike use, and supporting the integration of multicultural communities into our broader society. I am a person of faith, and I deeply respect all faiths.

With experience managing multi-million dollar budgets, I am committed to **managing rates wisely** during this cost-of-living crisis. My priorities include **tackling youth crime**, **maintaining parks and facilities**, and **supporting families & small businesses**. I am not a member of any political party, I'm just a local resident ready to listen, work hard and deliver great outcomes.
