

Additional Information

Joshua Kingshott is a lifelong local of Wanneroo whose family has been proud to call Our City home since his grandfather Philip settled on Quarkum Street during the early 80s.

Josh has a strong sense of duty, discipline, and commitment to others instilled in him by his service in the Australian Army and instruction/leadership roles in the Australian Air Force Cadets.

Josh has worked in Structural Steel Manufacturing and Civil Construction in Regional Victoria & NSW. However Wanneroo will always remain his home, he continues to use his experiences to engage with members of Our Community from all walks of life.

Being a consistent volunteer for a wide variety of community organisations, Josh is always on the look-out for more ways to get involved, for example Josh has raised money to support our Volunteer Bushfire Fighters in their community engagement efforts. He currently serves on the Committee of a variety of Local Clubs and Associations.

JOSHS COMMITMENT TO YOU

Josh will make himself readily available as your representative on Council, as a FIFO Worker he has the flexibility to give maximum attention to our community.

Josh supports the City of Wanneroos Bushfire Brigades. This means supporting their vision of a world-class Emergency Services Precinct in Neerabup.

Josh will help to Boost Local Jobs and Innovation, by supporting the development of the Neerabup Industrial Area into a hub for new industries and local employment.

Josh will support the development of liveable parks and community facilities in East Wanneroo to meet the needs of our growing population. If elected to Council Josh will raise questions about this project to help contribute to a robust development process.

Josh will look at our Domestic Waste Management System. This will help to ensure environmentally sustainable alternatives to Tamala Park are found, giving Our City independent control of Domestic Waste Management.
