I grew up in surf lifesaving and soccer clubs, later coaching juniors and women’s teams. This passion for community safety led to a 10-year career with Surf Life Saving WA, followed by leadership roles at Swimming WA and as CEO of the Rottnest Channel Swim. Across these positions I built partnerships, strengthened governance, and delivered world-class community events.

I believe the best community is one where everyone feels welcome, supported, and safe. In today’s world, genuine community engagement is more important than ever. The City of Wanneroo can do more to listen, connect, and empower residents, ensuring decisions improve daily lives. With proven leadership, a strong record in coastal safety, and a commitment to inclusivity, I will work to make Wanneroo thrive.
